MUIRIOSIA FOUNDATION
For the year ended 31st December 2017

Directors' Report

The directors present their annual report and audited financial statements for the year ended 31st December 2017.

Principal Activity

The principal activity of the company is to provide a range of services and supports to persons with an intellectual disability (and their families) – residential services, respite, day services, education, and multidisciplinary supports – across six midland counties: Kildare, Laois, Offaly, Westmeath, Meath, and Longford.

Future Developments

The directors have no plans to change significantly the activities and operations of the company in the foreseeable future.

Exchequer Funding

The directors confirm that exchequer funding is a substantial majority of total income.

Business Review and Results

The surplus for the year is after taking an FRS 102 negative pension adjustment of €560,000.

	€
The surplus for the financial year amounted to	261,906
Actuarial loss on pension scheme	122,000
	<hr/>
Total recognised surplus for the financial year	383,906
Deficit at the beginning of year	(2,083,272)
Transfer movement FRS pension	(682,000)
	<hr/>
Deficit at end of year	<u>(2,381,366)</u>

Directors

The present membership of the Board is set out on page 1.

Directors retiring by rotation and available for re-election are:

Mary Cullinton

Kate Quinlan

Francis Donnelly

Francis Donnelly	5	4
Maureen Windle	5	5

Principal Risks and Uncertainties

The directors consider the principal risk facing the company to be that of its economic dependence on the Health Service Executive for funding. This risk is mitigated through a Service Level Agreement between the Health Service Executive and Muiriosa Foundation. Were this funding to be withdrawn or significantly reduced the directors would have to review the level of services provided by the organisation.

Inherent in this risk, is uncertainty of the Health Service Executive funding of Nominated Health Agencies Superannuation Scheme (NHASS) - note 1.9 of the Notes Forming Part of the Financial Statements refers.

Accounting records

The Directors acknowledge their responsibilities under Sections 281 to 285 of the Companies Act 2014 to keep adequate accounting records for the company. The measures taken by the directors regarding proper accounting records are the implementation of necessary policies and procedures for recording transactions, the employment of competent accounting personnel with appropriate expertise and the provision of adequate resources to the financial function. The accounting records of the company are kept at the registered office and principal place of business at Moore Abbey, Monasterevin, Co. Kildare.

MUIRIOSA FOUNDATION

Directors' Report

Statement of relevant audit information

In accordance with Section 330 of the Companies Act 2014:

- so far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing this report, of which the auditor is unaware and,

- each director has taken all the steps that he or she ought to have taken as a director in order to make himself or herself aware of any relevant audit information and to establish that the auditor is aware of that information.

Auditor

In accordance with Section 383 (2) of the Companies Act 2014, the auditors, MK Brazil, Registered Auditors continue in office.

For the year ended 31st December 2017

Statement of Directors' Responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable Irish law and regulations.

Irish Company law requires the directors to prepare financial statements for each financial year. Under the law the directors have elected to prepare the financial statements in accordance with Companies Act 2014 and accounting standards issued by the Financial Reporting Council as modified by the specific accounting requirements of the Minister for Health and published by Chartered Accountants Ireland including FRS 102 The Financial Reporting Standard applicable in the UK and Ireland (Generally Accepted Accounting Practice in Ireland). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as to the financial year end and of the surplus or deficit of the company for the financial year and otherwise comply with the Companies Act 2014.

In preparing these financial statements the directors are required to:

- select suitable accounting policies and apply them consistently
- make judgements and accounting estimates that are reasonable and prudent
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, enable them to ensure that the financial statements and directors' report comply with the Companies Act 2014 and enable the financial statements to be audited. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MUIRIOSA FOUNDATION

We have audited the financial statements of Muiriosa Foundation for the year ended 31st December 2017 which comprise the Revenue Income & Expenditure Account, Capital Income & Expenditure Account, Balance Sheet, The Statement of Changes in Funds, Cashflow Statement and the related notes. The financial reporting framework that has been applied in their preparation is Irish law and generally accepted accounting practice in Ireland including the accounting standards issued by the Financial Reporting Council and promulgated by Chartered Accountants Ireland (Generally Accepted Accounting Practice in Ireland) as modified by the specific accounting requirements of the Minister of Health including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland.

In our opinion, the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the company as at 31 December 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been prepared in accordance with the requirements of the Companies Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, including the Ethical Standard as issued by the Irish Auditing and Accounting Service Authority ("IAASA") Ethical Standard, and the provisions available for small entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusion relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MUIRIOSA FOUNDATION

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by Companies Act 2014

In our opinion, based on the work undertaken in the course of the audit:

- we have obtained all the information and explanations which we consider necessary for the purposes of our audit;
- the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited;
- the financial statements are in agreement with the accounting records;
- the information given in the Director's Report is consistent with the financial statements; and
- the Director's Report has been prepared in accordance with the Companies Act 2014.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified any material misstatements in the directors' report. The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions required by sections 305 to 312 of the Act are not made. We have nothing to report in this regard.

Responsibilities of directors for the financial statements

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MUIRIOSIA FOUNDATION

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Further details relating to our work as auditor is set out in the Scope of Responsibilities Statement contained in the appendix of this report, which is to be read as an integral part of our report.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members as a body in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the company's members those matters that we are required to state to them in the audit report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company or the company's members as a body for our audit work, for this report, or for the opinions we have formed.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MUIRIOSIA FOUNDATION

Appendix to the Independent Auditors' Report

As part of an audit in accordance with ISAs (Ireland), the auditor exercises professional judgment and maintains professional scepticism throughout the audit. The auditor also:

- Identifies and assesses the risks of material misstatement of the financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence that is sufficient and appropriate to provide a basis for the auditor's opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Concludes on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If the auditor concludes that a material uncertainty exists, the auditor is required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. The auditor's conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluates the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that the auditor identifies during the audit.

MUIRIOSA FOUNDATION
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 31st December 2017

1. Accounting Policies

The significant accounting policies adopted by the Company and applied consistently are as follows:

MUIRIOSA FOUNDATION
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 31st December 2017

..... continued

1.1. Basis of Preparation

The Financial Statements are prepared on the going concern basis , under the historical cost convention and comply with the financial reporting standards of the Financial Reporting Council and promulgated by Chartered Accountants Ireland as modified by the specific accounting requirements of the Minister for Health, and Irish statute comprising the Companies Act 2014 except for the entity invoking the true and fair view override with regard to the profit and loss and balance sheet formats in Schedule 3 of the Companies Act 2014 as permitted in Section 3.4 of FRS 102 and Section 291 (5) of the Companies Act 2014.

In order for the financial statements to show a true and fair view the directors have determined the profit and loss format be re-named to an income and expenditure account detailing the income and expenditure by nature. Given that the company is a company limited by guarantee the capital and reserves section of the balance sheet has been adapted accordingly to reflect this fact. The directors consider that the layout adapted more correctly reflects the nature of the entity given that the entity is a not-for-profit organisation which is limited by guarantee. To use the formats set out in Schedule 3 of Companies Act 2014 and Section 4 and 5 of FRS 102 would not result in the financial statements showing information that would allow the entity to show a true and fair view.

Muiriosa Foundation is economically dependent on the Health Service Executive for funding. This economic dependency is underpinned through a Service Level Agreement between the Health Service Executive and Muiriosa Foundation. Accordingly, the financial statements have been prepared on the basis of going concern, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business.

In line with public organisations funded mainly through the Oireachtas Health vote, the accounting treatment differs from generally accepted accounting standards in three areas.

- (i) Depreciation of tangible assets/amortisation of capital grants are not charged/credited to the Revenue Income and Expenditure Account, rather they are charged/credited to the Capital Income and Expenditure Account, which is reserve accounting. Reserve accounting is not a generally accepted accounting practice. Generally accepted accounting practice requires depreciation/amortisation to be charged/credited to the Revenue Income and Expenditure Account.
- (ii) Grants received from Public Bodies together with all income assigned to fund the purchase of fixed assets are recorded in a Capital Income and Expenditure Account. Generally accepted accounting practice requires capital grants to be recorded as deferred income and amortised over the useful life of the related fixed asset.

MUIRIOSIA FOUNDATION
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 31st December 2017

..... continued

(iii) Pensions under the Nominated Health Agencies Superannuation Scheme and Single Public Service Pension Scheme are, in line with pensions paid by most Public Bodies, accounted for on a "pay-as-you-go" basis. The accounting policy is set out under Note 1.9 Employee Benefit - Superannuation, and the Provisions of FRS 102 Retirement Benefits are not applied.

1.2. Accounting Convention

The financial statements have been prepared under the historical cost convention.

1.3. Revenue Recognition

State funding and funding from Public Bodies that is predetermined and agreed with the relevant authorities is recognised on an accruals basis. Grants, subsidies, or rebates that are dependant on approval by a grantor on the foot of an application made, are recognised on a cash basis. Funds received for specific projects and not spent at year end are deferred to match the costs that they are intended to compensate.

Fundraising and donations are accounted for on a cash receipt basis and credited to the beneficiary, usually the Service Provider who raised the funds. Accordingly, fundraising and donations are taken to Revenue as and when it is spent in line with the intentions of the donor or the general purpose of the fund. Fundraising and donations designated for capital purposes are accounted for on a cash receipts basis and credited to the Capital Income and Expenditure Account.

Sales are accounted for using the accruals basis of accounting.

Interest and other investment income are accounted for on a cash receipts basis.

MUIRIOSIA FOUNDATION
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 31st December 2017

..... continued

1.4. Goods, Services and Assets

Expenditure on goods, services and assets are recognised gross of Value Added Tax using the accruals basis of accounting.

Tangible asset purchases may be charged to Revenue Income and Expenditure Account or the Capital Income and Expenditure Account depending on whether the asset is funded by capital or revenue funding. Tangible assets in excess of €7,000 funded by Revenue are capitalised through the Capital Income and Expenditure Account under the heading Revenue Funding Applied to Capital Projects.

Building works of a significant maintenance and/or improvement value are charged to the Revenue Income and Expenditure Account. The cost of such works are capitalised if the completed works are deemed to add to the potential market value of the building.

Expenditure on improvements in long-term leasehold property are capitalised, through the Capital Income and Expenditure Account, under fixed assets.

MUIRIOSIA FOUNDATION
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 31st December 2017

..... continued

1.5. Fixed Assets, Capitalisation and Depreciation

Fixed assets comprising of land, motor vehicles, and plant and equipment are stated in the balance sheet at cost and in the case of assets donated in kind, at its best estimate cost at date of receipt. Buildings are stated in the balance sheet at their revalued amount. The source of funding for all fixed assets are tracked to the Capitalisation Account, which is the reciprocal entry to the fixed assets accounts.

In the opening Statement of Affairs derived as at 1st January 2012 from the predecessor entity, the ownership of land and buildings were at that point in time, carried over to Muiriosa Foundation. The carrying value of motor vehicles were determined at the typical market value for a comparable vehicle. No attempt was made to determine the value of plant and equipment, which in the predecessor accounts were charged in full against revenue in the year of purchase.

Depreciation is charged so as to write-off the original cost/valuation of each tangible asset over its useful economic life on a straight line basis using the following rates:

Freehold Buildings	2% Straight Line per annum
Motor Vehicles	20% Straight Line per annum
Fixtures, Fittings & Equipment	20% Straight Line per annum

The disposal of an asset is accounted for in the Capital Income and Expenditure Account by writing back to the account the net book value of the asset and its associated capital fund. Income from disposals are credited to the Capital Income and Expenditure Account.

MUIRIOSA FOUNDATION
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 31st December 2017

..... continued

It is a requirement under FRS 102, that the carrying value of tangible fixed assets are reviewed annually for impairment in periods if events or circumstances indicate the carrying value may be recoverable. As our fixed assets are not held for the purpose of generating cashflows, but were acquired for the purpose of carrying out charitable activities, the value cannot be meaningfully measured in terms of cashflow as the benefits that derive from their use are not financial. Accordingly, an impairment of fixed assets will only arise where the asset suffers impairment in a physical sense resulting in physical damage and the use of the asset has reduced significantly or is no longer in use or where the quality of service it provides has deteriorated. As long as such assets continue to provide the anticipated benefits to the company, the consumption of such benefits will be reflected in regular depreciation charges.

1.6. Repairs and Maintenance of Property

Repairs and maintenance of property are charged to revenue expenditure as incurred, unless the expenditure is funded by designated capital funds. In such cases, the expenditure incurred is added to the fixed asset accounts and the capital fund credited accordingly.

1.7. Stocks

No amounts are included in the financial statements for stocks of day to day consumables at balance sheet date.

Stocks taken to account are valued at the lower of cost and net realisable value.

1.8. Employee Benefits - Salaries and Wages

Liabilities for employee benefits for salaries and wages expected to be settled within 12 months of the year end are recognised, and are measured, as the amount unpaid at balance sheet date based on the salary and wage rates that Muiriosa Foundation expects to pay at the balance sheet date.

1.9. Employees Benefits - Superannuation

The company has employees who are members of five pension schemes. These schemes consist of defined contribution schemes and defined benefit schemes as follows:

Defined contribution schemes

- The company contributes to a multiemployer defined contribution scheme, being The Federation of Voluntary Bodies Providing Services to People With Intellectual Disability Pension and Life Assurance Plan (NFVB Pension Scheme), with assets held in independently administered funds. Contributions are charged to the income and expenditure account as incurred.
- The company operates a defined contribution scheme namely the Muiriosa Foundation Group Pension Scheme with assets held in independently administered funds. This scheme is in respect of additional member's voluntary contributions (AVC's) only. The company does not make contributions to the scheme.

Defined benefit schemes

- Two "exchequer funded" Pay-As-You-Go defined benefit pension schemes, being the Nominated Health Agencies Superannuation Scheme (NHASS) and the Single Public Service Pension Scheme (SPSPS);
- An investment based defined benefit pension scheme operated by the company, being the Muiriosa Foundation Pension and Life Assurance Scheme for General Employees, with assets held in independently administered funds, which is closed to accrual and which the company has an obligation to contribute to past service deficits.

No provision has been made in respect of benefits payable under the NHASS and the SPSPS as both schemes are public servants Pay-As-You-Go Pension Schemes. The liability in respect of the NHASS is underwritten by the Minister for Health. All payments in respect of the service of members accrued under the SPSPS will be made from funds provided by the Oireachtas and will be paid by the appropriate relevant authority when they occur.

Contributions from employees who are members of the NHASS scheme are credited to the income and expenditure account when received. Pension payments under the scheme are charged to the income and expenditure account when paid.

Contribution from employees who are members of the SPSPS scheme are remitted monthly directly to the Exchequer.

..... continued

Investment based defined benefit scheme.

The provisions of Financial Reporting Standard FRS102 applies to the investment based defined benefit scheme and the compliant information is set out in note 12. Actuarial gains and losses are recognised in the statement of other comprehensive income. The pension scheme's surplus, to the extent that it is recoverable, or deficit is recognised in full and presented on the face of the balance sheet.

1.10. Receivables

The collectability of debts is assessed at balance sheet date and provision is made for any doubtful debts.

1.11. Payables

Liabilities are recognised for amounts due to be paid for goods or services received, whether or not billed to Muiriosa Foundation.

1.12. Provision

A provision is recognised when there is a legal, equitable or constructive obligation as a result of a past event and it is probable that a future sacrifice of economic benefits will be required to settle the obligation, the timing or amount of which is uncertain.

1.13. Going Concern

Muiriosa Foundation is economically dependent on the Irish Government for funding. This economic dependency is underpinned through a Service Agreement between the Health Service Executive and Muiriosa Foundation. Accordingly, the financial statements have been prepared on a going concern basis.

MUIRIOSIA FOUNDATION
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 31st December 2017

..... continued

1.14. Fund Accounting

The following funds are operated by the Charity

Restricted Funds

Restricted Funds represent grants, donations and sponsorships received which can only be used for particular purposes specified by the donors or sponsorship programmes binding on the directors. Such purposes are within the overall aims of the charity.

Unrestricted Funds

Unrestricted Funds represent amounts which are expendable at the discretion of the Directors in furtherance of the objectives of the charity and which have not been designated for other purposes. Such funds may be held in order to finance working capital or capital expenditure.

Designated Funds

Designated funds are unrestricted funds earmarked by the Directors for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements. The designations have an administrative purpose only and do not legally restrict the Board's discretion in applying the funds.

1.15. Reserve Policy

The directors of the company have appraised the requirement for reserves in light of the main risks to the organisation. The policy of the company is that unrestricted funds that are cash backed are primarily used to provide a cushion of short-term operating cash to support the working capital requirements of the organisation. The working capital position of the organisation is reviewed regularly during the year. Subject to prioritising the use of unrestricted funds to support working capital requirements, the directors may also use unrestricted funds to support the continuity of the organisation generally or to meet specific liabilities.

The company receives the significant majority of its funding from Exchequer sources. Most of the Exchequer funding is provided under a service level arrangement with the Health Service Executive. The directors are of the view that given the nature of services the company provides on behalf of the Health Service Executive it is appropriate that the organisation rely on Exchequer sources to fund those services. A timing gap can occur between the spending and receiving of resources in relation to the services provided on behalf of the Health Service Executive, with resultant fluctuations in cash flow. The cash flow risk is mitigated by prioritising the use of unrestricted funds to support the bridging of this timing gap.

2. Critical Accounting Judgements and Estimates

The preparation of these financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses.

Judgements and estimates are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. These estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

a) Establishing useful economic lives for depreciation purposes of property, plant and equipment

Long-lived assets, consisting primarily of property, plant and equipment, comprise a significant portion of the total assets. The annual depreciation charge depends primarily on the estimated useful economic lives and estimates of residual values. The directors regularly review these asset useful economic lives and change them as necessary to reflect current thinking on remaining lives in light of prospective economic utilisation and physical condition of the assets concerned. Changes in asset useful lives can have significant impact on depreciation and amortisation charges for the period. Detail of the useful economic lives is included in the accounting policies.

3. Surplus on Ordinary Activities is stated:	2017	2016
	€	€
After charging:		
- Auditor's Remuneration	28,801	28,801
- Depreciation	402,680	513,473

12. Retirement Benefits - Financial Reporting Standard 102

General Description of the Plan

The group operates one contributory defined benefit pension scheme in which pension generally accrues at the rate of 1/60th of Final Pensionable Salary per year of pensionable service. Future accrual of benefits ceased with effect from 1st December 2009. On 16th October 2013 accrued benefits were reduced to 1/80th of Final Pensionable Salary per year of pensionable service for all service of active and deferred members in the scheme at that date. The scheme also provides life assurance cover.

The scheme is independently funded and the assets are vested in independent trustees for the benefit of members and their dependant's. The contributions are based on the advice of an independent professionally qualified actuary obtained at three yearly intervals.

The asset and liability values disclosed are based on a comprehensive FRS 102 actuarial valuation carried out at 31st December 2017 and based on data relevant at that date.

Commentary

The net pension deficit decreased over the year to 31st December 2017. This is mainly due to the net effect of the following factors:

- Investment performance has been better than expected over the year.
- Employer contributions paid exceeded the service cost for the year.
- Mortality assumptions have been updated.
- The assumed rate of future inflation was decreased from 1.75% to 1.50%
- Pensionable Salary increases over the year were lower than expected.

MUIRIOSA FOUNDATION
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 31st December 2017

..... continued

Financial Assumptions

The key financial assumptions used to calculate the retirement benefit liabilities under FRS 102 at the beginning and end of the period were as follows:-

Valuation Method	<u>31/12/17</u> Projected unit credit method	<u>31/12/16</u> Projected unit credit method
Discount Rate	1.90%	1.90%
Inflation Rate	1.50%	1.75%
Increase to Members' Pensions in Payment	0.0%	0.0%
Pensionable Salary Increases	1.50%	1.75%
Increase to Statutory Pensions in Deferment	1.50%	1.75%

The discount rate is prescribed under FRS102 and is based on the yield on high quality corporate bonds at the valuation date.

The key demographic assumptions used to calculate the retirement benefit liabilities under FRS 102 at the beginning and end of the period were as follows:-

	<u>31/12/17</u>	<u>31/12/16</u>
Mortality - pre retirement	None	None
Mortality - post retirement	PNML00/PNFL00PNML00/PNFL00 Mortality improvements as per standard transfer value basis	

FRS date:

- Life Expectancy (Male age 65)	22.8 years	23.0 years
- Life Expectancy (Female age 65)	26.0 years	23.8 years

FRS date + 20 years:

- Life Expectancy (Male age 65)	23.8 years	25.3 years
- Life Expectancy (Female age 65)	27.1 years	25.8 years

(a) Muiriosa Housing Association Ltd.

Relationship: This company was established to provide appropriate housing for individuals in need of housing. To date its total focus is to provide housing for service users of Muiriosa Foundation. Its operations are totally dependent on the procurement of Department of the Environment grants. During 2017, current members of its board are board members of Muiriosa Foundation.

Particulars: The debt is composed of expenses paid by the Muiriosa Foundation on behalf of the Muiriosa Housing Association to be recharged by the Muiriosa Foundation.

(b) Congregation of the Sisters of Charity of Jesus and Mary in Ireland

Relationship: During 2017, current members of the governing body of the Congregation of Sisters of Charity of Jesus and Mary in Ireland, an unincorporated body, serve on the Board of Directors of the Muiriosa Foundation.

Particulars: Transactions during 2017 relate to the payment of rent.

Muiriosa Foundation Pension & Life Assurance Scheme for General Employees.

This is an investment based defined benefit occupational pension scheme. The fund is managed by Friends First. There are two trustees of the fund both of whom are currently senior executive employees of Muiriosa Foundation.

They act on advice received from independent actuaries, investment advisors and other professionals. The relevant FRS102 disclosures are included in note 12

The Congregation of the Sisters of Charity of Jesus & Mary in Ireland contributed €239,000 to the investment based defined benefit scheme in 2017.

Muiriosa Foundation Group Pension Scheme

The principal (and only) employer of Muiriosa Foundation Group pension Scheme which is a defined contribution pension scheme, is the Muiriosa Foundation.

There are no shared Directors/Trustees with the Muiriosa Foundation
