As your service provider, we are heavily dependent on your feedback as to whether we are getting it right, were we are getting it right, and where we are getting it wrong. If you have any concern or confusion, do not hesitate to pick up the phone or to make an appointment with the person best positioned to deal with your concern. We have stressed with all our staff members how important such contact is and have urged them to be as attentive and as thorough as possible in how they respond to such queries. Never think that we will view such queries from you as bothersome, irritating, interfering or inconsequential. Banish especially any thoughts or anxieties you might have that you might be viewed as “ungrateful” or “difficult” because of concerns you have raised. Service users and their families must not feel in any way beholden to the service provider because of the service they are receiving – or feel that there is a risk of jeopardising this service if the service user or family raises a question or complaint.

Our general advice to you is to **raise your concern at the most local level** – to the key worker, if one has been formally nominated, or to the immediate line-manager/Person-in-Charge. If you do not get satisfaction at this level, do not hesitate to move it to the next level.

If your efforts to resolve the matter locally and informally do not work to your satisfaction, please raise the matter with the Senior Manager. Alternatively, **you may wish to raise a formal complaint**. This policy document will explain to you how to go about making a complaint.

N.B. There will be some issues which are so serious or which require such immediate attention (or both) wherein formally logging a complaint may be the most appropriate means of bringing the matter to our attention.

Muiriosa Foundation are funded by the HSE to provide agreed services and support to people with intellectual disability. The formal agreement we sign with HSE each year is called a *Service Arrangement*. Within this *Service Arrangement* we report back regularly to HSE on the complaints we have received. This in turn enables HSE to monitor the extent to which we are providing the agreed services and the extent to which we are meeting our commitment to provide responsive and person-centred services.

 CEO

2.0 Introduction

It is the right of service users to comment, compliment or complain about any of the services provided by the Muiriosa Foundation. Responding effectively to comments, compliments and complaints received and learning from them is a key aspect to providing a high quality person centred service.

The Muiriosa Foundation aims to create an environment where service users feel comfortable and have the opportunity to provide feedback about services experienced and equally where staff feel comfortable about taking ownership of this process. All staff members have a responsibility to participate and take responsibility in managing consumer feedback. Openness and accountability are key elements in service provision and this is a philosophy adopted in relation to managing consumer feedback.

Where standards of care, treatment and practice are perceived to fall short of what is acceptable service users should have ease of access to an effective and fair system to deal with their complaint. The Muiriosa Foundation, in accordance with Part 9 of the Health Act 2004 and SI 365 of Health Act 2007 is committed to providing a system for the management of complaints that facilitates effective feedback from and to all service users.

It is important to acknowledge that both the service user and the service provider have an equal voice and are of equal importance in this process. Co-operation with the investigation of a complaint is essential and the use of a standardised approach is of benefit to complainants and to staff. The emphasis is on the swift and positive resolution of complaints at local level where possible. Sympathy and willingness to listen may be all that is necessary in some cases. The Muiriosa Foundation will provide staff with the necessary training and support to facilitate this process.

It is important to note that the Muiriosa Foundation Policy and Procedure for the management of consumer feedback is complementary to other existing procedures e.g. disciplinary procedures, grievance procedures, Trust in Care, Children First Guidelines etc. Matters appropriate for these other procedures will continue to be treated in the same manner and in accordance with these agreed procedures.

The procedures to support the implementation of this policy are detailed in Section 2 Procedure which accompanies this document.

The Management Executive Team is committed to appropriately managing any form of feedback, including compliments, and is responsible for developing systems to support such feedback.

- a matter that is or has been the subject of legal proceedings before a court or tribunal;
- a matter relating solely to the exercise of clinical judgment by a person acting on behalf of the Muiriosa Foundation
- an action taken by the Muiriosa Foundation solely on the advice of a person exercising clinical judgment
- a matter relating to the recruitment or appointment of an employee by the Muiriosa Foundation.

- a matter relating to the Social Welfare Act;
- a matter that could be the subject of an appeal under section 60 of the Civil Registration Act 2004;
- a matter that could prejudice an investigation being undertaken by the Garda Síochána;
- a matter that has been brought before any other complaints procedure established under an enactment.

- A complaint can be made about any action of the “*Muiriosa Foundation*” that:
 - it is claimed, does not accord with fair and sound administrative practice, and

 - in any other respect contrary to fair or sound administration.

11.0 Receiving a Complaint

11.1 Who can receive a complaint made to the Muiriosa Foundation?

A complaint may be received by any member of Muiriosa Foundation staff who must then determine the most appropriate process for dealing with the complaint.

All Muiriosa Foundation staff have a responsibility to accept any complaint received by them and to endeavour to manage and resolve the complaint at the point of contact or, where more appropriate, to refer the complaint to the Complaints Officer for management in line with this procedure.

A complaint may also be made directly to a designated Complaints Officer.

11.2 How can a complaint be made to the Muiriosa Foundation?

11.2.1 General Process

- The Muiriosa Foundation will be flexible in receiving complaints. Complaints may be made to the Muiriosa Foundation either verbally or in written format.
- Complaints may also be made electronically by Email.
- Complaints that may be resolved at the point of contact may be made verbally, face to face or by telephone.
- Complaints may also be made by completing the Complaints, Comments and Compliments form.
- If the complaint cannot be resolved at the point of contact and must be investigated, due to the difficulty in accurately interpreting the facts of a complaint made by phone, the complainant must be encouraged to make the complaint in writing or electronically.
- Staff members must be sensitive to complainants who may have poor literacy and/or language skills and must provide assistance and support where required to enable the effective recording of the complaint.
- Complainants must be allowed the flexibility to lodge a complaint with any staff member or with the Complaints Officer.
- Communication strategies for local services must ensure that all users of the service are aware of all of the methods by which they can make a complaint.
- Complaint forms, websites, literature etc must be highly visible, accessible, easy to use and as far as possible suitable for all users of the service.
- Each service will adapt one of the samples outlined in Appendices 15a or 15b for their local service and insure it is displayed in a prominent place in each location.
- The person-in-charge and keyworkers must strive to ensure that each service user knows 'how to make a complaint'

11.2.2 Complaints about a named staff member

Where a complaint made against a named staff member is not resolved at the point of contact, it must be put in writing and signed by the party making the complaint giving specific details such as dates and locations in order to allow the Complaints Officer to check the veracity of the complaint.

Where a complaint is made about a staff member and the complainant does not provide contact details to enable the validation of the complaint, the complaint will not be investigated in the interest of procedural fairness.

11.3 Timeframes involved once a complaint is received.

Every effort should be made to resolve a verbal complaint immediately or within 24 hours of receiving the verbal complaint if it is deemed appropriate to manage the complaint, with a view to resolution, at the first point of contact.

11.4 Time limits for making a complaint

The Complaints Officer must determine if the complaint meets the timeframes as set out in Section 47, Part 9 of the Health Act 2004 which requires the complaint to be made within 12 months:

- of the date of the action giving rise to the complaint; or
- of the complainant becoming aware of the action giving rise to the complaint.

A Complaints Officer may extend the time limit for making a complaint if in the opinion of the Complaints Officer special circumstances make it appropriate to do so. These special circumstances include but are not exclusive to the following:

- if the complainant is ill or bereaved;
- if the new relevant, significant and verifiable information relating to the action becomes available to the complainant;
- if it is considered in the public interest to investigate the complaint;
- if the complaint concerns an issue of such seriousness that it cannot be ignored;
- diminished capacity of the service user at the time of the experience e.g. mental health, critical/ long-term illness;
- where extensive support was required to make the complaint and this took longer than 12 months; or
- if the complainant was living abroad and unable to make the complaint within the 12 month timeframe.

Where reasons other than the above are provided by the complainant for making a complaint after the 12 month period, the Complaints Officer will make a decision as to whether or not to extend the timeframe after consultation with the Regional Director.

Decision to extend/not extend the 12 month timeframe

Where a decision has been made to either extend or not to extend the 12 month timeframe, the Complaints Officer will inform the complainant within **5 working days** of the decision having being made.

Where the decision has been made by the Complaints Officer not to extend the 12 month timeframe, the complainant may request a review of this decision to the Regional Director.

11.5 Additional Pre-investigation Criteria

As part of the pre-investigation process, the Complaints Officer must determine that:

- the subject matter of the complaint is not trivial,
- the complaint is not vexatious,
- the complaint is made in good faith, and
- the complaint has **not** already been resolved.

Where the above criteria is not met, either during the pre-investigation or the investigation, the Complaints Officer may decide not to investigate or further investigate the complaint.

12.0 Advocacy

1. All complainants have a right to appoint an advocate to assist them in making their complaint and to support them in any subsequent processes in the management of that complaint.
2. The National Advocacy Service (NAS) was set up to provide independent, representative advocacy services for people with disabilities. It is organised and managed on a regional basis by the Boards of five Citizens Information Services and is supported by the Citizens Information Board. People with disabilities may get in touch with the advocacy service directly. Enquiries from family, friends or services on behalf of people who may be unable to make a request for support from the NAS are also welcomed.
3. The National Advocacy Service for People with Disabilities (NAS) is available to all individuals using the service (App 14) (Details are available in every location throughout the services).
4. Staff must ensure that each Individual has access to National Advocacy Services for the purposes of making a complaint (App 14)
5. A staff member or a trusted person may also be an advocate for service users wishing to make a complaint if it is possible to do so within the principles of advocacy as listed below. The Citizen Information Board (2005) outlines the principles of advocacy as:
 - Empowerment of the person where possible
 - Respect for the person and his/her wishes
 - Acting in the person's best interest
 - Acting independently
 - Maintaining confidentiality
 - Acting with diligence and competence
- Before deciding to advocate on behalf of a complainant, staff must ensure that they are in a position to advocate impartially and fairly.
- Staff acting as advocates should have no previous involvement in the actions complained of, or in the examination/investigation of the complaint.
- Staff should not feel compelled to act as an advocate where they do not feel competent or supported to do so and must ensure that they direct the service user to appropriate advocacy supports.
- Any form of advocacy used must be agreeable to both the complainant and the Muiriosa Foundation.

14.0 Principles of Best Practice Complaints Management

The following are the principles of best practice on complaints management that the Muiriosa Foundation aspires to deliver.

- **Organisational Commitment**

All persons within the Muiriosa Foundation must embrace and be committed to the effective management of complaints and be committed to ensuring corporate learning and quality improvements as a result of complaints.

- **Leadership**

The Muiriosa Foundation management is committed to demonstrating strong leadership in all aspects of the complaints handling process. Senior and Local Managers/Person in Charge must demonstrate leadership by ensuring that complaints are dealt with at local level where possible.

- **The rights of service users to complain**

All service users must know of their right to complain and of their rights throughout the complaints management process. The Muiriosa Foundation has a responsibility to ensure that people are aware of their rights. A written complaints procedure will be available and will be publicised across the services. A guide on making complaints (App 15a&15b) and a Complaints Comments and Compliments form (App 9) is available in all locations.

- **Fair**

The complaints handling process should be implemented without fear, favour or prejudice towards the complainant, the person or service about which the complaint was made. Neither the complainant nor the subject of the complaint should have a **fear of recrimination** of any kind at any stage of the process. Any staff member found, after proper investigation, to be engaging or have engaged in victimising, punishing or exacting retribution on any complainant will be subject to serious disciplinary sanctions.

- **Equity**

A consistent and standardised approach will be adopted for the management of all complaints.

The complainant and the service provider have an equal voice and are of equal importance in this process.

- **Accessibility**

The complaints system must be well publicised and be accessible to service users, their families and representatives. Special attention must also be paid to the needs of people with special requirements (special groups) e.g. older people, children, people with physical and sensory disability, literacy issues and disadvantaged groups.

- **Effective**

The complaints system must endeavour to effectively resolve all complaints for both the complainant and those who deliver the service about which the complaint was made.

- **Efficiency**

The emphasis must be on resolving complaints effectively and in a timely manner without compromising other principles.

- **Impartiality**

It is essential that all complaints are dealt with in an impartial manner. Complainants must have the opportunity to be heard and the complaints must be investigated without prejudice to either the complainant or staff member/service.

- **Appropriateness**

The complaints procedure must have the capacity to deal appropriately with all complaints being lodged with any Muiriosa Foundation service.

The complaints management process must be flexible enough to be applicable to any type of complaint in whatever manner it is presented e.g. verbal, written etc., taking in to account language, literacy levels, disabilities etc.

- **Responsiveness**

The service acknowledges all complaints and concerns and responds promptly and sensitively. The practice must be responsive to the complainant's needs and must seek to try and achieve, where possible, service user satisfaction and issue resolution as close to the source of the complaint as possible.

Complaints need to be dealt with in a timely manner ensuring that the timeframes identified for dealing with the complaint take cognisance of the complexity of the factors involved in the complaint. All staff will be provided with the level of training appropriate to their needs to effectively respond to complaints.

- **Confidentiality**

All information obtained through the course of complaint management must be treated in a confidential manner and meet the requirements of the Data Protection Acts 1988 and 2003 and the Freedom of Information Act 1997 and 2003. The complaints process must facilitate the gathering of essential and appropriate information to ensure the effective management of the complaint and the education of the organisation without compromising the rights to confidentiality of both the complainant and the service about which the complaint was made.

To facilitate the effective management of complaints, the Muiriosa Foundation must ensure that consent to access service users confidential information is obtained or acceptably implied from the complainant or the person on whose behalf the complaint was made where applicable.

- **Farsighted**

The complaints process must be flexible to adjust to future demands and legislative requirements. It must be able to meet the needs of changing service user expectations.

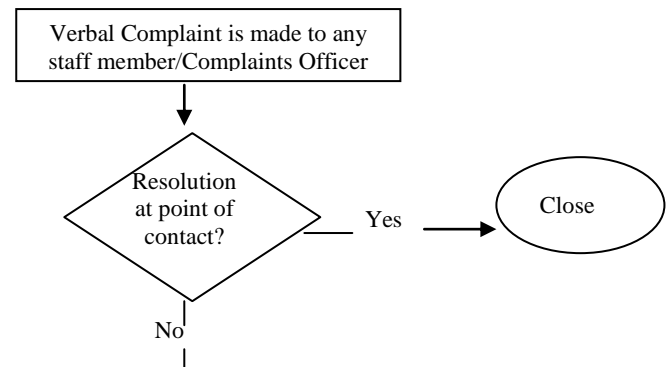

- **Accountability**

Procedures should be transparent to the complainant during the process of complaint investigation. Staff responsibility in the management of complaint procedures must be emphasised. The complaints processes must ensure that, where warranted, action is taken on complaints to address the specific complaints, to prevent similar occurrences in the future and to inform service provision. Where action is not justified, the complainant must be advised as to why action should not be taken. A process of monitoring and evaluation will be implemented at all levels of the process and organisation to ensure that the processes are being adhered to and complaints are appropriately managed.

Stage 4 Independent Review

Complainant advised to seek a review by the Office of the Ombudsman/Ombudsman
for Children if they remain dissatisfied following the internal review at Stage 3

15.1 The process for the management of complaints consists of four distinct stages:
Stage 1: Management of a Verbal Complaint at the Point of Contact.
Stage 2a: (Informal Resolution) and Stage 2b (Formal Investigation)
Stage 3: HSE internal Review
Stage 4: Independent Review

Stage 1: Management of a Verbal Complaint at the Point of Contact

- Staff have clear delegations to resolve verbal complaints at first point of contact wherever possible.
- Staff must record the complaint in the Complaints, Comments, Compliments Logbook (App 10)
- Where a complaint is resolved at the point of contact, the complaint must be examined to identify any quality improvements that should be implemented as a result.
- Where complaints cannot or should not be resolved at the first point of contact due to their seriousness or complexity, these complaints must be referred to the Complaints Officer for investigation at Stage 2.
- Complainants may not accept the outcome of the management of the complaint at the point of contact and may seek a review of their complaint at Stage 2 of the process.

Stage 2a (Informal Resolution) and Stage 2b (Formal Investigation)

- Complaints that could not be resolved at Stage 1 or should not be resolved at the first point of contact due to their seriousness or complexity are then passed to a Complaints Officer for resolution by informal means or through a formal investigation.
- The Complaints Officer will carry out a pre-investigation to check the validity of the complaint and the appropriate processes to be used to manage the complaint. Some complaints will not be suitable for investigation by the Complaints Officer and must either be referred to the appropriate body for investigation or returned to the complainant with an explanation as to why the complaint cannot be investigated or with details of the correct process for the management of their complaint.
- The Complaints Officer may consider whether it would be practicable, having regard to the nature and the circumstance of the complaint, to seek the consent of the complainant and any other person to whom the complaint relates to finding an informal resolution of the complaint by the parties concerned.
- Mediation may be used to attempt resolution of the complaint at Stage 2 if both parties agree. Where informal resolution was not attempted or was not successful, the Complaints Officer will initiate a formal investigation of the complaint.
- The Complaints Officer is responsible for carrying out the formal investigation of the complaint at Stage 2 but may draw on appropriate expertise, skills etc as required. Staff have an obligation to participate and support the investigation of any complaint where requested.
- Where the investigation at Stage 2 fails to resolve the complaint, the complainant may seek a review of their complaint by Internal Review at Stage 3.

Stage 3: Internal Review

- The complainant may seek a review of the outcome of the investigation at Stage 2 by the Internal Review Process.
- The Review Officer will review the processes used to carry out the investigation of the complaint and the findings and recommendations made post-investigation.
- The Review Officer will either uphold, vary or make a new finding and recommendation.
- The Review Officer may carry out a new investigation of the complaint or recommend that a local re-investigation of the complaint be carried out by a Complaint Officer independent of the initial investigation team.

- The complainant will be informed of any decision of the Review Officer and may accept the recommendations made or can seek a review of the complaint by the Office of the Ombudsman/Ombudsman for Children.

Stage 4: Independent Review

- If the complainant is not satisfied with the outcome of the Muiriosa Foundation Complaints Management Process he/she may seek a review of the complaint by the Office of the Ombudsman/Ombudsman for Children.
- The Muiriosa Foundation must inform the complainant that they have a right at all times to have their complaint reviewed by the Office of the Ombudsman/Ombudsman for Children. However, they must be made aware that the Office of the Ombudsman/ Ombudsman for Children will, in most cases, require that the Muiriosa Foundation complaints management process be exhausted before they will initiate a review of the complaint.

15.2 Implementation of this policy

The HSE requires that all Service Providers, as described by section 38 and 39 of the Health Act 2004 (see definitions), establish local complaints management procedures that comply with and complement the procedures developed by the Executive in accordance with Part 9 of the Health Act 2004.

15.3 Reporting of Complaints Data

The Complaints Officers will submit complaints data reports to the Regional Director on a monthly basis. The Regional Director will submit complaints data reports to the CEO on a monthly basis. (App 12)

15.4 Annual Reporting on Complaints and Reviews

Service Provider Annual Report

The CEO will provide the H.S.E. with a general written report on the complaints received by the service provider during the previous calendar year. (Appendix 12) This report is to include:

- The total number of complaints received
- The nature of the complaints
- The number of complaints resolved by informal means
- The outcome of any investigations into the complaints

(Further information may be required at the discretion of the Head of Consumer Affairs who will inform Service Providers of data required).

16.0 Frequency of Review of Operation of the Policy

The policy will be reviewed every three years or more frequently if required.

17.0 What can the Muiriosa Foundation do?

17.1 Redress System

An effective complaints system which offers a range of timely and appropriate remedies will enhance the quality of service to the service users and families of the Muiriosa Foundation. It will have a positive effect on staff morale and improve the Muiriosa Foundation's relations with the public. It will also provide useful feedback to the Muiriosa Foundation and enable it to review current procedures and systems which may be giving rise to complaints.

Redress should be consistent and fair for both the complainant and the service against which the complaint was made. The Muiriosa Foundation should offer forms of redress or responses that are appropriate and reasonable where it has been established that a measurable loss, detriment or disadvantage was suffered or sustained by the claimant personally.

This redress could include:

- Apology
- An explanation
- Admission of fault
- Change of decision
- Correction of misleading or incorrect records
- Technical assistance
- Recommendation to make a change to a relevant policy

17.2 Ombudsman's recommendations for redress by Public Bodies

The following section outlines the Ombudsman's recommendations for redress by Public Bodies:

- Even where people are not entitled to a particular service or benefit, they are entitled to be told the reasons why they do not qualify and be informed of alternative services, where possible.
- Where they may be entitled to the service or benefit but a delay in the decision cannot be avoided, they should be informed when the decision is likely to be made.
- In cases of need, other possibilities for short-term relief may have to be examined. Public service providers must always bear in mind that citizens usually do not have the option of taking their business elsewhere. Citizens are entitled to proper, fair, impartial and expeditious treatment by public bodies. Where there is a shortfall in these standards, and the fault lies with the public body, it should remedy the shortfall through the provision of redress. The general rule of thumb should be to put the person back into the position he/she would have been in if the public body had acted properly.

Policy & Procedure

For the

Management of Complaints

in Muiriosa Foundation

Section 2 - PROCEDURE

1.0 Purpose

The purpose of this Procedure Manual is to describe the Standard Operating Procedures (SOPs) to be used by all staff in the Muiriosa Foundation in managing consumer feedback.

This section includes the procedures for receiving and handling complaints, comments and compliments and investigating, recording and reporting of complaints as well as the review processes.

This manual is designed to provide quality and consistent responses to complaints so that there may be a concerted effort by all staff in the Muiriosa Foundation to endeavour to resolve complaints as close to the point of contact as possible. This manual also describes the process for the monitoring and evaluation of the complaints management process.

In line with best practice the Muiriosa Foundation will assess all complaints to establish the most appropriate process for managing the complaint. Where complaints fall into distinct categories, the Muiriosa Foundation will refer the complaint to the appropriate service/authority. This document is not an appropriate mechanism for dealing with certain complaints such as allegations of physical or sexual abuse, bullying or harassment, issues for which other procedures exist.

2.0 Comments and Compliments

Comments and compliments received from service users will be logged, followed up and monitored where appropriate. A letter of thanks will acknowledge families comments that include a name and address. The Regional Director or Local Manager/Person in Charge in the particular location is responsible for ensuring that this happens.

Compliments that focus on individual members of staff or service units will be logged. A letter of thanks will be sent to the staff member or department head to ensure that they are aware of the compliment. A letter of acknowledgement will be sent to the service user/families to thank them for taking time to compliment the service and inform them that the staff member has been made aware of the feedback. The Regional Director or Local Manager/Person in Charge in the particular location is responsible to ensure that this happens.

The Service has developed a Complaints, Comments and Compliments form (App 9) which is available in all locations and on the Muiriosa Foundation website. www.muiriosa.ie

3.0 Receiving a Complaint

3.1 Who can receive a complaint made to the Muiriosa Foundation?

A complaint may be received by any member of Muiriosa Foundation staff who must then determine the most appropriate process for dealing with the complaint. All Muiriosa Foundation staff have a responsibility to accept any complaint and to endeavour to manage and resolve the complaint at the point of contact or, where more appropriate, to refer the complaint to the Complaints Officer for management in line with this standard operating procedure. A complaint may also be made directly to a designated Complaints Officer.

3.2 How can a complaint be made to the Muiriosa Foundation?

3.2.1 General Process

- The Muiriosa Foundation will be flexible in receiving complaints. Complaints may be made to the Muiriosa Foundation either verbally or in written format.
- Complaints may also be made electronically by Email.
- Complaints that may be resolved at the point of contact may be made verbally, face to face or by telephone.
 - Complaints may also be made by completing the Complaints, Comments and Compliments form.
- If the complaint cannot be resolved at the point of contact and must be investigated, due to the difficulty in accurately interpreting the facts of a complaint made by phone, the complainant must be encouraged to make the complaint in writing or electronically.
- Staff members must be sensitive to complainants who may have poor literacy and/or language skills and must provide assistance and support where required to enable the effective recording of the complaint.
- Complainants must be allowed the flexibility to lodge a complaint with any staff member or with the Complaints Officer.
- Communication strategies for local services must ensure that all users of the service are aware of all of the methods by which they can make a complaint.
- Complaint forms, websites, literature etc must be highly visible, accessible, easy to use and as far as possible suitable for all users of the service.
- Each service will adapt one of the samples outlined in Appendices 15a or 15b for their local service and ensure it is displayed in a prominent place in each location.
- The person-in-charge and keyworkers must strive to ensure that each service user knows 'how to make a complaint'

3.2.2 Complaints about a named staff member

- Where a complaint made against a named staff member is not resolved at the point of contact, it must be put in writing and signed by the party making the complaint giving specific details such as dates and locations in order to allow the Complaints Officer to check the veracity of the complaint.
- Where a complaint is made about a staff member and the complainant does not provide contact details to enable the validation of the complaint, the complaint will not be investigated in the interest of procedural fairness.

3.2.3 Children wishing to make a Complaint

- Children of sufficient, age, reason and understanding may make a complaint about any aspect of the service they have received from the Muiriosa Foundation. Their complaints must always be taken seriously and responded to appropriately.
- Suitable communication tools must be developed to enable children to be fully aware of their rights to complain and to inform them of the complaints process.
- Children must be made aware of the right to complain to the Ombudsman for Children or to have the outcome of their complaint reviewed by the Ombudsman for Children (see section 10.1 on the Ombudsman for Children). Under the Ombudsman for Children Act, 2002, the Ombudsman for Children may accept complaints directly from Children up to and including 18 years of age.
- Children are to be made aware by the Muiriosa Foundation of any appropriate advocacy supports. At all times, care must be taken to ensure that children are appropriately assisted and supported to make a complaint and to partake in the management of the complaint. The level of support required will be dependent on the age and ability of the child.
- The welfare of the child is paramount at all times and when the recipient of a complaint from a child is concerned about the safety and wellbeing of the child, that person must ensure that they act appropriately in the best interest of the child and to appropriately implement Children First, National Guidance for the Protection and Welfare of Children (2011).
- The process for dealing with complaints from children will follow the same procedures as outlined in this SOP. However, a formal procedure may not always be the most appealing way for Children to air grievances. Therefore local complaints procedures must place adequate emphasis on informal ways of dealing with complaints from children where required.
- Where the complaint cannot be resolved at the point of contact and the complaint was made by a child on his/her own behalf, if an investigation is required, the Complaints Officer must inform the parent(s)/ legal guardian of the complaint and the intention to investigate and involve the parent(s) / legal guardian of the child in the investigation process.
- If the child disagrees with the involvement of the parent(s)/legal guardian, the Complaints Officer must try to establish any underlying issues and identify the best approach for managing the complaint that is in the best interest of the child while having regard to the rights of the parents as enshrined in the Articles of the Constitution dealing with the Rights of the Family.
- Timelines are the same as outlined in this document but may need to be reviewed or extended depending on the complexity and sensitivity of the complaint. The expedient management of a complaint made by or on behalf of a child is advised.
- The Ombudsman for Children may intervene at any stage of the complaints process (even if Muiriosa Foundation procedures have not been exhausted) if the complaint has been referred to them by the complainant and if the Ombudsman for Children feels that the complainant has taken reasonable steps to rectify their complaint.

Complaints made in respect of the services delivered by the HSE led - Network Disability Teams may be dealt with under the HSE Complaints Management Process.

3.2.4 Advocacy –

- All complainants have a right to appoint an advocate to assist them in making their complaint and to support them in any subsequent processes in the management of that complaint.
- The National Advocacy Service (NAS) was set up to provide independent, representative advocacy services for people with disabilities. It is organised and managed on a regional basis by the Boards of five Citizens Information Services and is supported by the Citizens Information Board. People with disabilities may get in touch with the advocacy service directly. Enquiries from family, friends or services on behalf of people who may be unable to make a request for support from the NAS are also welcomed.
- The National Advocacy Service for People with Disabilities (NAS) is available to all

- individuals using the service (App 14) (Details are available in every location throughout the services).
- Staff must ensure that each Individual has access to National Advocacy Services for the purposes of making a complaint (App 14)
- A staff member or a trusted person may also be an advocate for service users wishing to make a complaint if it is possible to do so within the principles of advocacy as listed below.
- The Citizen Information Board (2005) outlines the principles of advocacy as:
 - Empowerment of the person where possible
 - Respect for the person and his/her wishes
 - Acting in the person's best interest
 - Acting independently
 - Maintaining confidentiality
 - Acting with diligence and competence
- Before deciding to advocate on behalf of a complainant, staff must ensure that they are in position to advocate impartially and fairly.
- Staff acting as advocates should have no previous involvement in the actions complained of, or in the examination/investigation of the complaint.
- Staff should not feel compelled to act as an advocate where they do not feel competent or supported to do so and must ensure that they direct the service user to appropriate advocacy supports.
- Any form of advocacy used must be agreeable to both the complainant and the Muiriosa Foundation.

4.0 Managing Complaints and Privacy and Confidentiality

4.1 Data Protection Act 1988 and 2003

Maintaining privacy and confidentiality of consumer information is a basic principle of complaints management. It is the role of all Muiriosa Foundation staff to ensure that consumer privacy and confidentiality is maintained. The Data Protection Acts 1988 and 2003 place an obligation on the Muiriosa Foundation and staff to safeguard the right of individuals in relation to the processing of their personal data.

Processing means performing any operation or set of operations on data, including: obtaining, recording or keeping data, collecting, organising, storing, altering or adapting the data; retrieving, consulting or using the data; disclosing the data by transmitting, disseminating or otherwise making it available; aligning, combining, blocking, erasing or destroying the data. Personal data is defined as data relating to a living individual who is or can be identified either from the data or from the data in conjunction with other information that is in, or likely to come in to the possession of the data controller.

Under the Data Protection Act, personal information should only be used or disclosed for the purpose for which it was collected for or another directly related purpose.

4.2 Confidentiality and Disclosure

Complainants must be assured that their complaint and their personal details will be treated in confidence to the greatest extent possible consistent with the public interest and the right to privacy. Complaints information required for reporting and statistical purposes will be anonymised and all identifiable data will be removed.

However, where the screening and /or investigation of the complaint indicates that there is a requirement to disclose some or all of the details of the complaint e.g. there is evidence of abuse that must be reported in accordance with the Children First Guidelines, the complainant will be informed immediately and the information will be directed to the appropriate personnel.

4.3 Access to Personal Confidential Information

For the purpose of accessing service users' confidential information as part of the investigation of a complaint, the Muiriosa Foundation must ensure that it has the consent of the complainant to do so (or the person about whom the complaint was made if it is not the same person).

Consent may be obtained in three ways:

- The complainant may give consent on the Muiriosa Foundation complaints form. This provides the Muiriosa Foundation with permission to access service users confidential information to investigate the complaint.
 - If the complaint was not made on the Muiriosa Foundation complaints form, the acknowledgement letter must outline the process that will be used to manage the complaint and the complainant will be asked to contact the relevant Complaint Officer within 5 working days from the date on the acknowledgement letter if they do not wish their confidential information to be accessed during the process of the investigation.
 - If a verbal complaint is made to a staff member/Complaints Officer who proceeds to record the complaint for the purposes of a formal investigation, the staff member must ask the complainant to give consent to access the relevant service users' confidential information. The staff member must record this consent and have the complainant sign the consent where possible.
- It is important to note that the above consent only allows access to the information in the record that is relevant to the complaint.

- Complainants must be informed that refusing or restricting access to relevant service users' confidential information may impede the proper investigation of the complaint.
- The complaints management process must ensure that the details of the complaint and information gathered or received through the investigation of the complaint are only viewed by relevant personnel and that the dissemination of this information is restricted to a need to know basis only.
- For the purpose of gathering and publishing statistics and for educational purposes, all service users' identifiable data and personal data must be removed from the complaint and the complaint identified using a designated code. Care must be taken to ensure that specific locations and individuals cannot be identified when using this data for these purposes.

4.4 Complaints on behalf of a Third Party and access to Personal Confidential Information

- When a complaint is made on behalf of a third party the Muiriosa Foundation must endeavour to ensure that the complaint is being made with the consent of the third party.
- When accepting a complaint on behalf of a third party, the Muiriosa Foundation must ensure that it is appropriate for the complainant to make a complaint as detailed in section 46 (3) and (4) of the Health Act 2004 and section 7.4.2 of this SOP, and that the identity of the complainant is validated.
- When a complaint is made on behalf of an incapacitated person, the Muiriosa Foundation must ensure that this person who, by law or by appointment of a court, has the care of the affairs of that person.
- An objectively reasonable approach to this issue will usually prevail with each situation being considered on an individual basis.
- Where the Complaint Officer has a concern about the consent of the third party the Complaints Officer will make every effort to get the consent of the third party before progressing with the complaint.

4.5 Service User consent and Public Representatives

Refer to Appendix 4 for Standard Operating Procedure - Dealing with the Provision of Information to Elected Public Representatives (TD's, Senators, MEP's and Local Representatives)

4.6 Staff Member and rights to Confidentiality

Particular care, caution and sensitivity must be exercised in certain circumstances, where for example, the good name, reputation and rights under natural justice of a staff member may arise in the context of an initial and as yet unsubstantiated complaint.

In such circumstances the person receiving the complaint and / or the complaints officer must consider the right to confidentiality of the staff member against whom the complaint appears to be made in the first instance.

Confidentiality, privacy and similar rights must also be protected, pending the outcome of initial checking and validation. Where a complaint has been made about a named staff member, the line manager/ head of discipline must be informed of the complaint, once the matter/s are deemed, after careful checking and consideration to have substance as a valid complaint under Part 9 of the 2004 Health Act.

Therefore, where a complaint has yet to be substantiated and the Complaints Officer is of the opinion that the confidentiality of the staff member/service involved should be protected until the complaint has been substantiated, the Complaints Officer must use his/her discretion to this effect.

4.7 The Freedom of Information Acts 1997, 2003 and 2014

The Freedom of Information Act confers on all persons the right of access to information held by public bodies, to the greatest extent possible, consistent with the public interest and the right to privacy. It is imperative that all staff are cognisant of the right of the complainant to access any information held by the Muiriosa Foundation in relation to the management of their complaint. Therefore, staff must ensure that they adhere to the principles of the Data Protection Act 1988 and 2003, that consent to access patient confidential information is obtained where required and that decisions made during the complaint management process are supported by facts and evidence.

The Freedom of Information Acts 1997 and 2003 also contain two further statutory rights which may arise where a complaint investigation report has been provided to the complainant. These rights are:

- have personal information amended where such information is incomplete, incorrect or misleading.
- be given reasons for decisions taken by public bodies that affect them.

4.8 Requests for access to complaints under Freedom of Information or Data Protection legislation

- Each access request under FOI or DP must only be processed and decided on by the delegated FOI & DP Decision Maker in whose area the request arises.
- Muiriosa Foundation staff who hold files relevant to an access request must provide such files to the responsible FOI or DP Decision Maker.
- Further detailed information on access rights may be obtained from the Freedom of Information Office in the MF.

5.0 Managing Complaints in the Muiriosa Foundation: General Overview

The issue of procedural fairness must be considered at all times when investigating any complaint.

Procedural fairness must ensure that:

- Complaints handling allows all parties involved in the complaint (including the service user, the service and specified employees) the opportunity to respond.
- Where an action could adversely affect somebody, the person that may be affected must have the chance to state their point of view before the action is taken.
- The process should be fair to all parties. The Complaints Officer must be impartial, prejudice free and unbiased in their decision making.

5.1 Stages in the Muiriosa Foundation Complaints Management Process

The Muiriosa Foundation complaints management process has four distinct stages:

Stage 1: Local Resolution of verbal complaints at the point of contact

Stage 2a: Informal Resolution of the complaint

Stage 2b: Local Investigation of written complaints

Stage 3: Internal Review

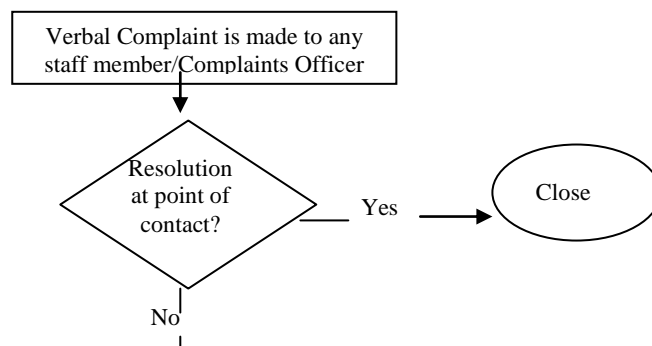

Stage 4: Independent Review

6.0 Receiving and Managing a Verbal Complaint: Stage 1, Local Resolution at the Point of Contact

Stage 1 of the complaints management process is the stage of the process where the recipient of a **verbal** complaint endeavours to manage and resolve the complaint at the **point of contact**.

All Muiriosa Foundation staff can receive a verbal complaint about any aspect of the service at any time. A practical approach must be adopted to verbal complaints which are usually more frequent, of a less serious nature than written complaints and are often resolvable on the spot.

Figure 2.0: Stage 1: Local Resolution at the point of contact

Stage 1 emphasises strong participation by Local Managers / Persons in Charge and staff in the early and local resolution of complaints where possible.

Complaints Officers and Local Managers / Persons in Charge must ensure that staff support and partake in the process of local resolution where possible and that they follow standard procedures for doing so.

Local resolution is to be encouraged and supported by raising awareness amongst staff that each individual provider is accountable to the consumer/ service user and has a responsibility to respond to concerns that they raise and where possible, provide an apology and/or explanation.

To achieve this aim:

- All Local Managers / Persons in Charge must ensure that all employees have access to detailed standard procedures on the receipt and management of complaints and their role in the resolution of complaints at local level.
- All staff must be adequately trained to effectively manage complaints to the highest standard

6.1 Receiving a Verbal Complaint

When receiving a verbal complaint from a complainant, the recipient of the complaint should:

- be respectful and helpful towards the complainant
- give the complainant his / her individual attention
- not attempt to lay blame, be defensive or argue
- remain positive
- not take anger as a personal attack

Note: In the course of receiving a verbal complaint a staff member is not expected to tolerate personal abuse or aggressive behaviour from the complainant.

Figure 2.1: The Listen Approach

Use the LISTEN approach to assist you when receiving a verbal complaint (See Figure 2.0):

Listen:

- Listen carefully to the issues being raised by the complainant

Identify:

- Identify if there are multiple issues relevant to the complaint and separate each issue. Attempt to identify any hidden or underlying issues that may exist.
- Summarise the issues to clarify and check that you understand what the person is telling you.
- Ask the complainant to confirm that they agree with your interpretation of their complaint.
- Find out from the complainant what they want to happen as a result of their complaint.

Summarise:

- Summarise the issues to clarify and check that you understand what the person is telling you.
- Ask the service user to confirm that they agree with your interpretation of their complaint.

Thank the person

- Thank the person for taking the time to make the complaint

Empathise and Explain:

- Empathise and acknowledge the feelings of the complainant.
- Explain to the complainant that there will be no negative repercussions
- Explain what will happen next e.g. you may need to contact your manager

Expression of regret or apology:

- An early expression of regret or apology can minimise the possibility of a verbal complaint becoming a formal written complaint
- Training for staff must deal with the area of expression of regret and apology. Staff must also be given the skills to recognise when a complaint can or cannot be resolved at first point of contact and when the complaint needs to be referred to Complaints Officers for appropriate management.

Now Act:

- Assess the verbal complaint
- Once a verbal complaint is received by the Muiriosa Foundation, the person receiving the complaint must ensure that they get as much information as possible about the complaint to assist them in assessing the seriousness and/or the complexity of the complaint. This in turn assists staff in determining if the complaint should be resolved at the point of contact or if the complaint should be referred to the Complaints Officer for management at Stage 2 of the complaint management process.

Staff should only attempt to manage complaints received at the point of contact if due care has been taken to establish that all issues can be addressed appropriately at the point of contact.

Determine the appropriate options for the management of the complaint:

The person receiving the complaint must determine the most appropriate process for the management of the complaint. These options are:

1. The complaint is received by front line staff member/Local Manager/Person in Charge who determines that it is appropriate to manage the complaint at the point of contact with a view to resolving the complaint.
2. The complaint is received by the Complaints Officer who determines that the complaint may be managed with a view to resolution at the point of contact and links with the relevant Local Manager/Person in Charge to appropriately manage the complaint.
3. The complaint is received by the Complaints Officer who determines that the complaint may be managed with a view to resolution, at the point of contact without requiring the involvement of other personnel/ Local Manager/Person in Charge etc.
4. Any staff member/ Local Manager/Complaints Officer who receives the verbal complaint decides that the complaint cannot be resolved or should not be resolved at the point of contact and the complainant is advised to submit their complaint as a formal written complaint for investigation. (App 9)

6.2 Timeframes for the Management of a Verbal Complaint

Every effort should be made to resolve a verbal complaint immediately or within 24 hours of receiving the verbal complaint if it is deemed appropriate to manage the complaint, with a view to resolution, at the first point of contact.

6.3 When should a complaint not be managed at Stage 1?

There are a variety of reasons why a complaint should not be managed at Stage 1 of the process. The key reasons include:

- The complaint involves too many issues to resolve at the point of contact.
- The complaint was a result of harm/incident or a near miss and requires further investigation to identify and eliminate the root causes.
- The complaint was as a result of deviations from quality standards that requires further investigating to identify the reasons for the deviation and if there are any system improvements required.
- The complaint involves multi-disciplines and multi-locations and involvement of all parties is required to effectively and fairly investigate the complaint.

6.4 Complaints that cannot be resolved at Stage 1

If it is not possible to resolve the complaint to the satisfaction of the complainant at the first point of contact, the person receiving the complaint must advise the complainant:

- the reasons why the complaint cannot be resolved at the point of contact
- that they may submit the complaint as a formal written complaint
- the process for submitting a formal written complaint
- what will happen with their complaint in the Muiriosa Foundation complaints management process

Note: The complainant is to be advised that a formal investigation of the complaint may not take place unless the complainant provides contact details to enable the Muiriosa Foundation to validate the complaint and to liaise with the complainant in the course of the investigation of the complaint (see section 11.2 on Anonymous Complaints).

If requested by the complainant, the staff member/ Complaints Officer may provide assistance to the complainant to make a written complaint.

6.5 Recording Verbal or Informal Complaints

- Best practice complaints management indicates that both verbal and informal complaints should be documented. (App 10)
- Verbal or informal complaints should be documented as far as is reasonably practicable (App 10) In particular, where a verbal or informal complaint indicates that a particular trend is emerging, where there is a risk to service user and staff health and safety, and/or where possible quality improvements are required, these complaints should be documented and analysed to identify the root causes of the subject matter of the complaint and actions that are required for improvement.
- This data should be collated and submitted by the Complaints Officer on a monthly basis to the Regional Director.
- Complaints Officers should maintain a record of all verbal complaints to inform local quality improvement initiatives (App 10)

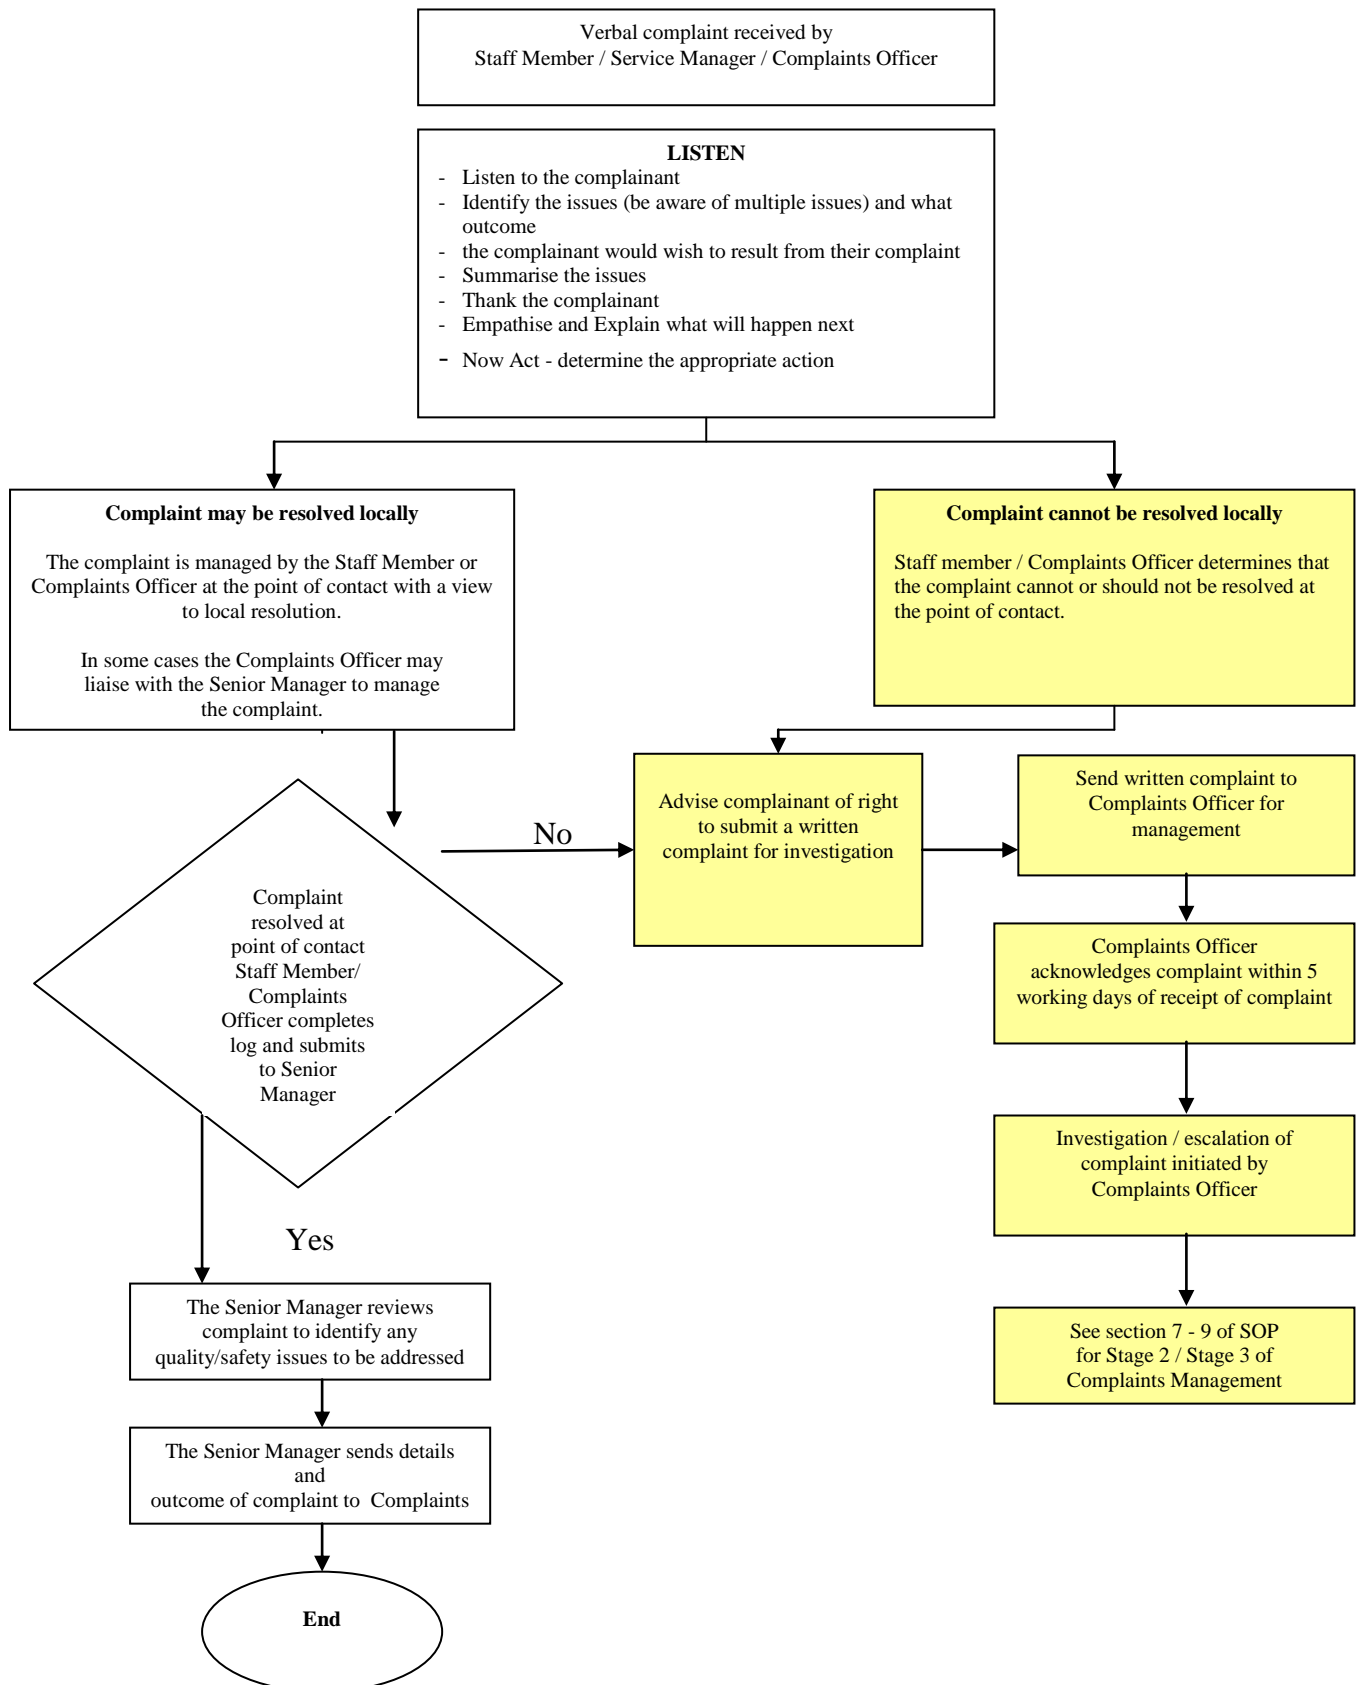

6.6 Summary

In general, many complaints can be resolved at the point of contact with information and/or an explanation, together with an apology and recognition of the effect the situation had on the person. However, Complaints Officers must ensure that the local resolution process upholds and protects the rights of both the service/staff members and the complainant.

Complainants may also want an undertaking that action will be taken to prevent the problem recurring. Complaints Officers must ensure that complaints received are dealt with appropriately and that any learning from complaints resolved at an early stage is incorporated in to the learning for the organisation.

Some complaints, however, cannot be resolved at the point of contact and will require management and investigation at Stage 2 of the process.

Figure 2.2: Stage 1: Local Resolution at the Point of Contact

7.0 Managing a Written Complaint: Stage 2

Written complaints may originate from two sources:

1. Where a verbal complaint cannot or should not be resolved at the point of contact and the complainant has been advised to submit the complaint as a written complaint for investigation;
or
2. the first contact from the complainant is in the form of a written complaint.

Written complaints may be directed to any member of staff including front line staff and Complaints Officers.

At Stage 2, the Complaints Officer has two options:

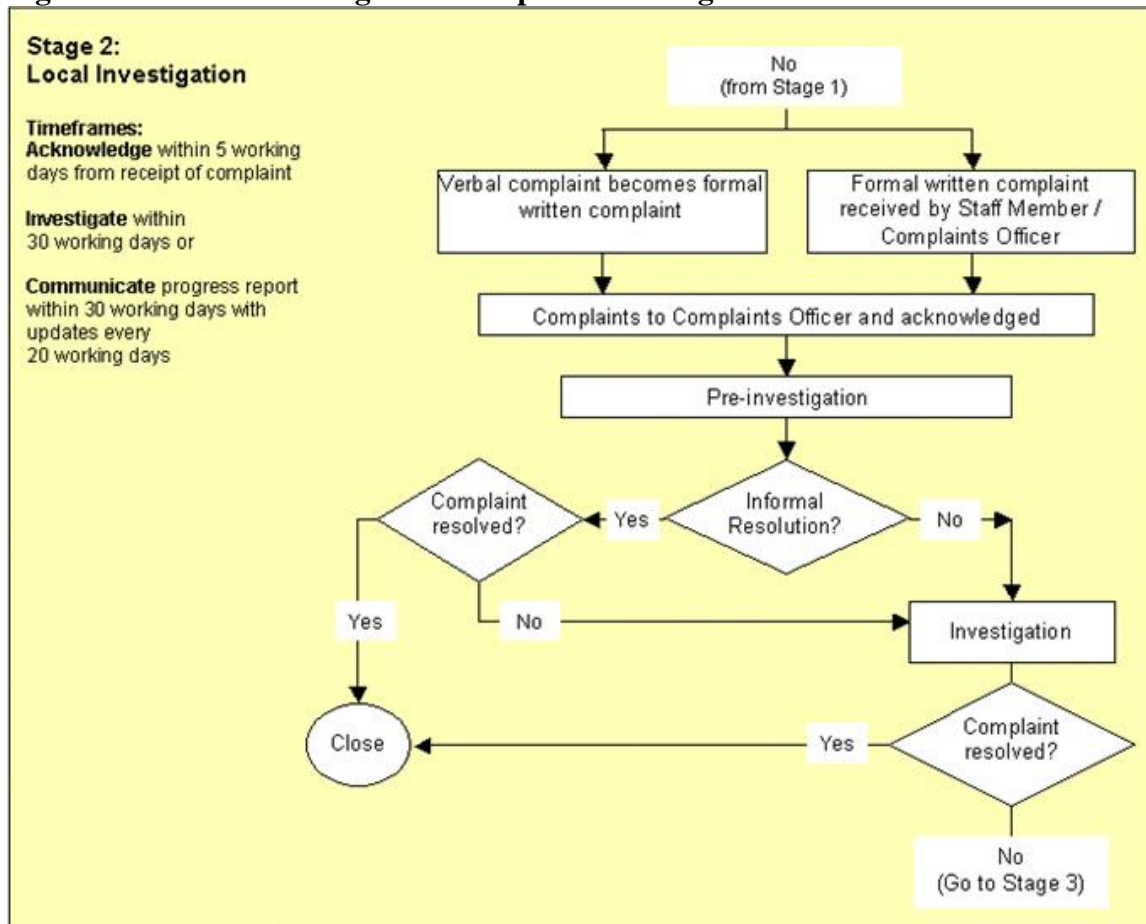

1. To consider whether it would be practicable, having regard to the nature and the circumstance of the complaint, to seek the consent of the complainant and any other person to whom the complaint relates to finding a resolution through informal means.
2. To commence a formal investigation of the complaint.

Complaints involving a number of disciplines

Where the complaint involves a number of disciplines or services, the Complaints Officer who receives the complaint will co-ordinate the investigation of the complaint between the various disciplines and services.

The management of written complaints at Stage 2 of the complaints management process is summarised in Figure 3.0 as follows:

Figure 3.0: Outline of Stage 2 of Complaints Management Process

7.1 Receiving a written complaint

- Any written complaints received by a staff member must be brought immediately to the attention of their relevant Line Manager/Person in Charge. The relevant Person in Charge must ensure that the complaint is given immediately to the appropriate Complaint's Officer if he / she is not available then a nominated Complaints Officer.
- Written complaints may also be directed by the complainant directly to a Complaints Officer.
- The Complaints Officer will proceed to carry out a pre-investigation of the complaint as detailed in the following sections.
- See section 7.7 on transferring the management of the complaint to another Complaints Officer.

7.2 Acknowledging a Complaint

(See also section 15.1 on Quality and Effective Correspondence to Complainants)

- An acknowledgement letter must be sent within 5 working days of receipt of the complaint.
- When acknowledging a written complaint:
 - Acknowledge the receipt of the complaint, acknowledging the date it was written and informing the complainant of the date it was received by the organisation.
 - Discuss the Muiriosa Foundation's appreciation of consumer feedback as a means of improving systems and service delivery.
 - Express regret for any inconvenience or difficulties that the complainant experienced.
 - Advise the complainant when the Muiriosa Foundation's will contact them again and that they will be kept informed of their complaint process.
 - Inform the complainant that service user confidential files may have to be accessed by authorised personnel to fully investigate the complaint.

- Inform the complainant that they must contact the Complaints Officer immediately (within 5 working days) if they do not wish for service user confidential files to be accessed. If the Complaints Officer does not receive any contact from the complainant within 5 working days (complainant may be on holidays) he/she should endeavour to contact the complainant.
- Offer the opportunity for the complainant to contact you to discuss any of the matters above.
- Close the letter.

Note: Research shows that letters personally signed by staff are received better than letters electronically signed or signed by support staff on behalf of somebody.

7.3 Timeframes for Stage 2

7.3.1 Timeframes for the Investigation of the complaint

- Where the Complaints Officer determines that the complaint does not meet the criteria detailed in 7.4.1 to 7.4.5, the Complaints Officer will inform the complainant in writing, **within 5 working days** of making the decision/determination, that the complaint will not be investigated and the reasons for it.
- Where the complaint will be investigated, the Complaints Officer must endeavour to investigate and conclude the complaint within **30 working days** of it being acknowledged.
- If the investigation cannot be investigated and concluded within 30 working days then the Complaints Officer must communicate this to the complainant and the relevant service/staff member **within 30 working days** of acknowledging the complaint and give an indication of the time it will take to complete the investigation.
- The Complaints Officer must update the complainant and the relevant staff/ service member **every 20 working days**.
- The Complaints Officer must endeavour to investigate complaints within 30 working days. However, where the 30 working days timeframe cannot be met despite every best effort, Complaints Officers must endeavour to conclude the investigation of the complaint within **6 months** of the receipt of the complaint.

If this timeframe cannot be met, the Complaints Officer must inform the complainant that the investigation is taking longer than 6 months, give an explanation why and outline the options open to the complainant. He/She should encourage the complainant to stay with the local Muiriosa Foundation complaints management process while informing them that they may seek a review of their complaint by the internal reviewer or the Office of the Ombudsman/ Ombudsman for Children.

7.3.2 Timeframes for obtaining further information from the Complainant

- Where it has been indicated to the Complaints Officer prior to or during the investigation that further information is required from the complainant to enable the full and proper investigation of the complaint, the Complaints Officer must contact the complainant immediately, outlining the information required and request a response from the complainant **within 10 working days** of receipt of the letter.
- When the required information is not received within this time period, the Complaints Officer may extend the time limit for receipt of the information by a further 10 working days.
- The complainant must be informed that if he/she fails to comply with this request for further information, the Complaints Officer may decide to invalidate the complaint if the information required is essential for the further processing and management of the complaint. See section 15 on Quality and Effective Correspondence to Complainants.

7.3.3 Timeframes for eliciting responses from staff member(s)

- Where there is a response required from staff members in relation to issues raised by the complaint, the Complaints Officer may inform the relevant manager and the staff members of the issues to which a response is required. The Manager is then responsible for ensuring the staff member provides a response to the issues raised.
- Where the Complaints Officer is of the opinion that the matter does not warrant the involvement of the Manager, he/she may contact the staff member directly (see section 4.6 on Staff Member and Rights to Confidentiality).
- The Complaints Officer must record the date of the notification.
- The relevant staff member(s) is required to respond **within 10 working days** of receiving notice of the complaint.
- See section 15.4, Communication by the Complaints Officer with staff member involved in the complaint investigation.

7.3.4 Timeframes for eliciting responses from persons no longer employed by the Muiriosa Foundation

- When a complaint involves a staff member who is no longer employed by the service, the Complaints Officer must endeavour to contact the relevant ex-staff member immediately, to inform them of the complaint and to invite a response from that staff member to the issues raised within the timeframes as outlined above.
- Every effort is to be made to comply with the timeframes as outlined above. However, there may be special circumstances where timeframes cannot be met due to the unavailability of the ex-staff member or the current location of the ex-staff member. These issues must be brought to the attention of the complainant and the complainant must be assured that the management of the complaint is progressing as quickly as possible.
- If, after all reasonable efforts, the Complaints Officer is unable to obtain a response from any persons no longer employed by the Muiriosa Foundation, the Complaints Officer must endeavour to investigate the complaint to the best of his/her ability with the information available to him/her.

7.4 Pre-investigation of the Complaint

The Complaints Officer will carry out a pre-investigation of the complaint where he/she will firstly determine if the complaint is included or excluded under Part 9, Section 48 of the Health Act 2004 (see 7.4.1 below). The subject matter of complaints excluded under Part 9 of the Act will be discussed further under section 11 of this SOP.

If the Complaints Officer is satisfied that the complaint subject matter falls within the provision of Part 9 of the Health Act, the complaint will be managed in accordance with section 7 of this SOP. The Complaints Officer will continue with the pre-investigation of the complaint to determine if the complaint is substantiated and also if it meets the criteria set out in Part 9 of the Health Act for determining if a complaint may be investigated (as detailed in sections 7.4.2 - 7.4.5).

Requesting information from the complainant (see also section 7.3.2 in relation to timeframes): Where required, the Complaints Officer may request further information from the complainant about the complainant to:

- Satisfy himself or herself of the identity of the person concerned and where the person making the complaint is not the complainant, satisfy himself or herself that that person is entitled to do so (see section 7.4.2).

7.4.1 Matters excluded from right to complain under Part 9 of the Health Act 2004

A complaint is excluded under Part 9 of the Health Act 2004 if it is in relation to any of the following matters:

- a matter that is or has been the subject of legal proceedings before a court or tribunal;
- a matter relating **solely** to the exercise of clinical judgment by a person acting on behalf of the Muiriosa Foundation;
- an action taken by Muiriosa Foundation; **solely** on the advice of a person exercising clinical judgment;
- a matter relating to the recruitment or appointment of an employee by the Muiriosa Foundation;
- a matter relating to or affecting the terms or conditions of a contract of employment that the Executive or a service provider proposes to enter into (includes terms or conditions relating to superannuation benefits, disciplinary procedures or grievance procedures);
- a matter relating to the Social Welfare Act;
- a matter that could be the subject of an appeal under section 60 of the Civil Registration Act 2004;
- a matter that could prejudice an investigation being undertaken by the Garda Síochána;
- a matter that has been brought before any other complaints procedure established under an enactment (e.g. complaints made under Part 2 of Disability Act, 2005 or the Mental Health Act 2001).

Where the subject matter of the complaint is not included under part 9 of the Health Act 2004, these complaints are termed “non-Part 9 complaints”. The Complaints Officer must either investigate the complaint according to the processes described in section 11 of this SOP or will notify the complainant of where the complaint might more appropriately be referred (See Table 1 and Table 2 within section 7.4.6 for details of the appropriate processes for the management of various types of complaints).

Where a complaint relates only in part to an excluded matter the Complaints Officer will assess the non-excluded part of the complaint to assess its eligibility under the following criteria (7.4.2 - 7.4.5) and where appropriate investigate that part of the complaint in accordance with the procedures described under this section (section 7). The complainant will be advised of this decision.

The following subsections apply only to those complaints that fall within the provision of Part 9 of the Health Act 2004.

7.4.2 Eligibility of Complainant to make Complaint

- The Complaints Officer cannot investigate the complaint if, in accordance with Section 46, Part 9 of the Health Act 2004, the person who made the complaint is not entitled to do so.
- In accordance with Section 46, Part 9 of the Health Act 2004, the following are entitled to make a complaint
 - Individuals who are receiving or have received health care services.
 - Individuals who are seeking or have sought services from the Muiriosa Foundation
- If a person is entitled to make a complaint but is unable to do so because of age, illness or disability, the complaint may be made on that person’s behalf by:
 - a close relative or carer of the person,
 - any person who, by law or by appointment of a court, has the care of the affairs of that person,
 - any legal representative of the person,
 - any other person with the consent of the person, or
 - any other person who is appointed as prescribed in the regulations.
- If a person who would otherwise have been entitled to make a complaint is deceased, a complaint may be made by a person who, at the time of the action in relation to which the complaint is made, was a close relative, or carer of that person. A close relative is defined in

Section 45 of the Health Act, 2004 as being a parent, guardian, son, daughter, spouse or someone who is cohabiting with the person on whose behalf the complaint is being made.

7.4.3 Grounds of Complaint

In order to investigate the complaint, the Complaints Officer must determine if the complaint discloses a ground of complaint provided for in Part 9, section 46 of the Health Act 2004 and detailed as follows:

- A complaint can be made about any action of the Muiriosa Foundation that:
 - it is claimed, does not accord with fair and sound administrative practice, and
 - adversely affects or affected that person
- As defined in the Health Act 2004, an action does not accord with fair and sound administrative practice if it is:
 - taken without proper authority,
 - taken on irrelevant grounds,
 - the result of negligence or carelessness,
 - based on erroneous or incomplete information,
 - improperly discriminatory,
 - based on undesirable administrative practice, or
 - in any other respect contrary to fair or sound administration.

The Special Report of the Ombudsman (2006) outlines the standards required from an effective complaints management system. Examples of fair and sound administrative practice are included in this document.

7.4.4 Time limits for making a complaint

The Complaints Officer must determine if the complaint meets the timeframes as set out in Section 47, Part 9 of the Health Act 2004 which requires that complaint must be made within 12 months:

- of the date of the action giving rise to the complaint; or
- of the complainant becoming aware of the action giving rise to the complaint.

A Complaints Officer may extend the time limit for making a complaint if in the opinion of the Complaints Officer special circumstances make it appropriate to do so. These special circumstances include but are not exclusive to the following:

- if the complainant is ill or bereaved;
- if the new relevant, significant and verifiable information relating to the action becomes available to the complainant;
- if it is considered in the public interest to investigate the complaint;
- if the complaint concerns an issue of such seriousness that it cannot be ignored;
- diminished capacity of the service user at the time of the experience e.g. mental health, critical/ long-term illness;
- where extensive support was required to make the complaint and this took longer than 12 months; or
- if the complainant was living abroad and unable to make the complaint within the 12 month timeframe.

Where reasons other than the above are provided by the complainant for making a complaint after the 12 month period, the Complaints Officer will make a decision as to whether or not to extend the timeframe after consultation with the Regional Director.

Decision to extend/not extend the 12 month timeframe

Where a decision has been made to either extend or not to extend the 12 month timeframe, the Complaints Officer will inform the complainant within **5 working days** of the decision having being made.

Where the decision has been made by the Complaints Officer not to extend the 12 month timeframe, the complainant may request a review of this decision through the Regional Director.

7.4.5 Additional Pre-investigation Criteria

As part of the pre-investigation process, the Complaints Officer must determine that:

- the subject matter of the complaint is not trivial,
- the complaint is not vexatious,
- the complaint is made in good faith, and
- the complaint has **not** already been resolved.

Where the above criteria is not met, either during the pre-investigation or the investigation, the Complaints Officer may decide not to investigate or further investigate the complaint.

7.4.6 Process upon completion of the Pre-Investigation

Where the Complaints Officer determines that the complaint does not meet the criteria detailed in 7.4.1 to 7.4.5, the Complaints Officer will inform the complainant in writing, **within 5 working days** of making the decision/determination, that the complaint will not be investigated and the reasons for it.

Where alternative complaint processes are appropriate for the management of such complaints, the Complaints Officer will either investigate the complaint using the alternative process or will refer the complaint directly to the appropriate personnel for management under the relevant policy, procedure or guideline.

The complainant is to be informed of where the complaint is being referred to and why. Alternatively, the Complaints Officer will inform the complainant of the relevant channels through which the complainant may direct their complaint.

Table 1 and 2 detail the appropriate channels through which complaints must be managed.

Table 1: Complaints that may be managed using the processes outlined in this Procedure Manual.

7.5 Review of the outcome of the Pre-investigation Process

The complainant will be informed that where he/she is not satisfied with the outcome of the pre-investigation process, he/she may request a review of the complaint through the internal reviewer or alternatively he/she may request a review of the complaint by the Office of the Ombudsman/Ombudsman for Children.

7.6 Complaints about named staff members

Complaints received about named staff members must be investigated in conjunction with Trust in Care Policy.

7.7 Transfer of a Complaint for investigation by an alternative Complaints Officer

The Complaints Officer who has responsibility/assigned responsibility for investigating a particular complaint may determine that the complaint warrants management by another Complaints Officer in the first instance if the first Complaints Officer feels that he/she is not in a position to investigate the complaint due to reasons such as:

- difficulty in remaining impartial and non-biased in the investigation of the complaint
- extensive previous knowledge of the complaint or the parties involved
- previous poor interpersonal or working relationships with the parties involved
- the complaint is one:
 - in relation to catastrophic outcomes
 - in relation to the death of a service user
 - which may have particular significance for the organisation or which have the potential to acquire significance
 - that involves a large number of Muiriosa Foundation locations and services that may attract considerable media attention

The complainant must be informed immediately upon the new assignment of a Complaints Officer to investigate the complaint.

7.8 Stage 2a: Informal Resolution of the Complaint

• If it is demonstrated that the complaint is valid and meets the criteria outlined in section 7.4 and where a formal investigation of the complaint may proceed, the Complaints Officer will consider whether it would be practicable, having regard to the nature and the circumstances of the complaint, to seek the consent of the complainant and any other person to whom the complaint relates to finding a resolution to the complaint by the parties concerned.

- The Complaints Officer must determine the most appropriate informal resolution approach for a particular complaint, e.g., contacting the complainant with a view to resolving the complaint informally or arranging a meeting between the parties concerned.
- Where resolution is achieved through this informal process, the Complaints Officer must create a report outlining the details of the complaint, the resolution process and the outcome of the resolution process including any recommendations made. The process for the development and management of the report is described in section 7.10.
- Where the complaint is not resolved by informal resolution approaches, the Complaints Officer will record the details of the informal resolution process attempted and the reasons why the approach failed to resolve the complaint and will inform the complainant of the process for the formal investigation of the complaint.

- The complainant must be given the opportunity to agree or object to the Complaints Officer who was involved with the informal resolution of the complaint, proceeding with the formal investigation of the complaint.
- When the complainant objects to the continued involvement of the Complaints Officer, the Complaints Officer must inform the Area Director or the Regional Director of the requirement to assign an alternative Complaints Officer to carry out the formal investigation of the complaint.

Or

- where there is only one Complaints Officer in a particular location, the Regional Director must be notified of the requirement to assign an alternative Complaints Officer to investigate the complaint.
- The Complainant will be notified of the details of the newly assigned Complaints Officer immediately.

7.8.1 Mediation

As part of the investigation process and where deemed appropriate by the Complaints Officer, mediation should be considered as a means of achieving resolution where both parties agree to the process. The decision to offer mediation must be made by the Complaints Officer on a case by case basis.

Mediation is described as a process in which the parties to a dispute, with the assistance of a neutral agreed third party (the mediator), identify the disputed issues, develop options, consider alternatives and endeavour to reach an agreement.

(Queensland Health, Complaint Co-ordinators Handbook).

Mediation is collaborative and allows mutual satisfactory outcomes to be negotiated. Both parties involved in the dispute agree to use a neutral third party to help solve the dispute. The terms of the agreement are decided between the parties with the help of the mediator. Generally, decisions made in mediation are not legally binding but they can be made so if both parties agree to it.

When would mediation be an option?

- Resolution at the point of service is inappropriate or if previous attempts to resolve an issue have failed.
- All people involved agree to participate in the mediation process.
- The complainant requires an explanation of what happened and why.
- Advice on whether or not mediation might be appropriate is available from the Complaints Officer.

Mediation Process

- The Complaints Officer will identify if mediation is an option for the possible resolution of the complaint.
- The Complaints Officer will identify if both parties to the complaint agree to mediation
- If both sides agree, the Complaints Officer will appoint an agreed mediator to facilitate the process.
- A mediator must be selected from a list of qualified and Muiriosa Foundation approved mediators provided by the Human Resources Dept.
- The mediation process must be carried out in accordance with best practice mediation.
- The mediator will advise the Complaints Officer if the outcome of the mediation process was successful or not.
- Any improvements to service highlighted during the mediation process will be reported to the Complaints Officer.
- The resolution of the complaint through mediation can not include payment of any financial compensation.

7.9 Stage 2b: Process for Formal Investigation of a Written Complaint

If it is demonstrated that the complaint is valid and meets the criteria outlined in section 7.4, where a formal investigation is required and appropriate and where informal resolution is not appropriate or was not successful, the Complaints Officer will initiate the investigation of the complaint.

Relevant managers must actively assist in the investigation of this complaint and in the implementation of any improvements recommended for the service as a result of the investigation findings.

The process for local investigation of a written complaint is summarised in figure 3.1.

7.9.1 Initiating the Investigation

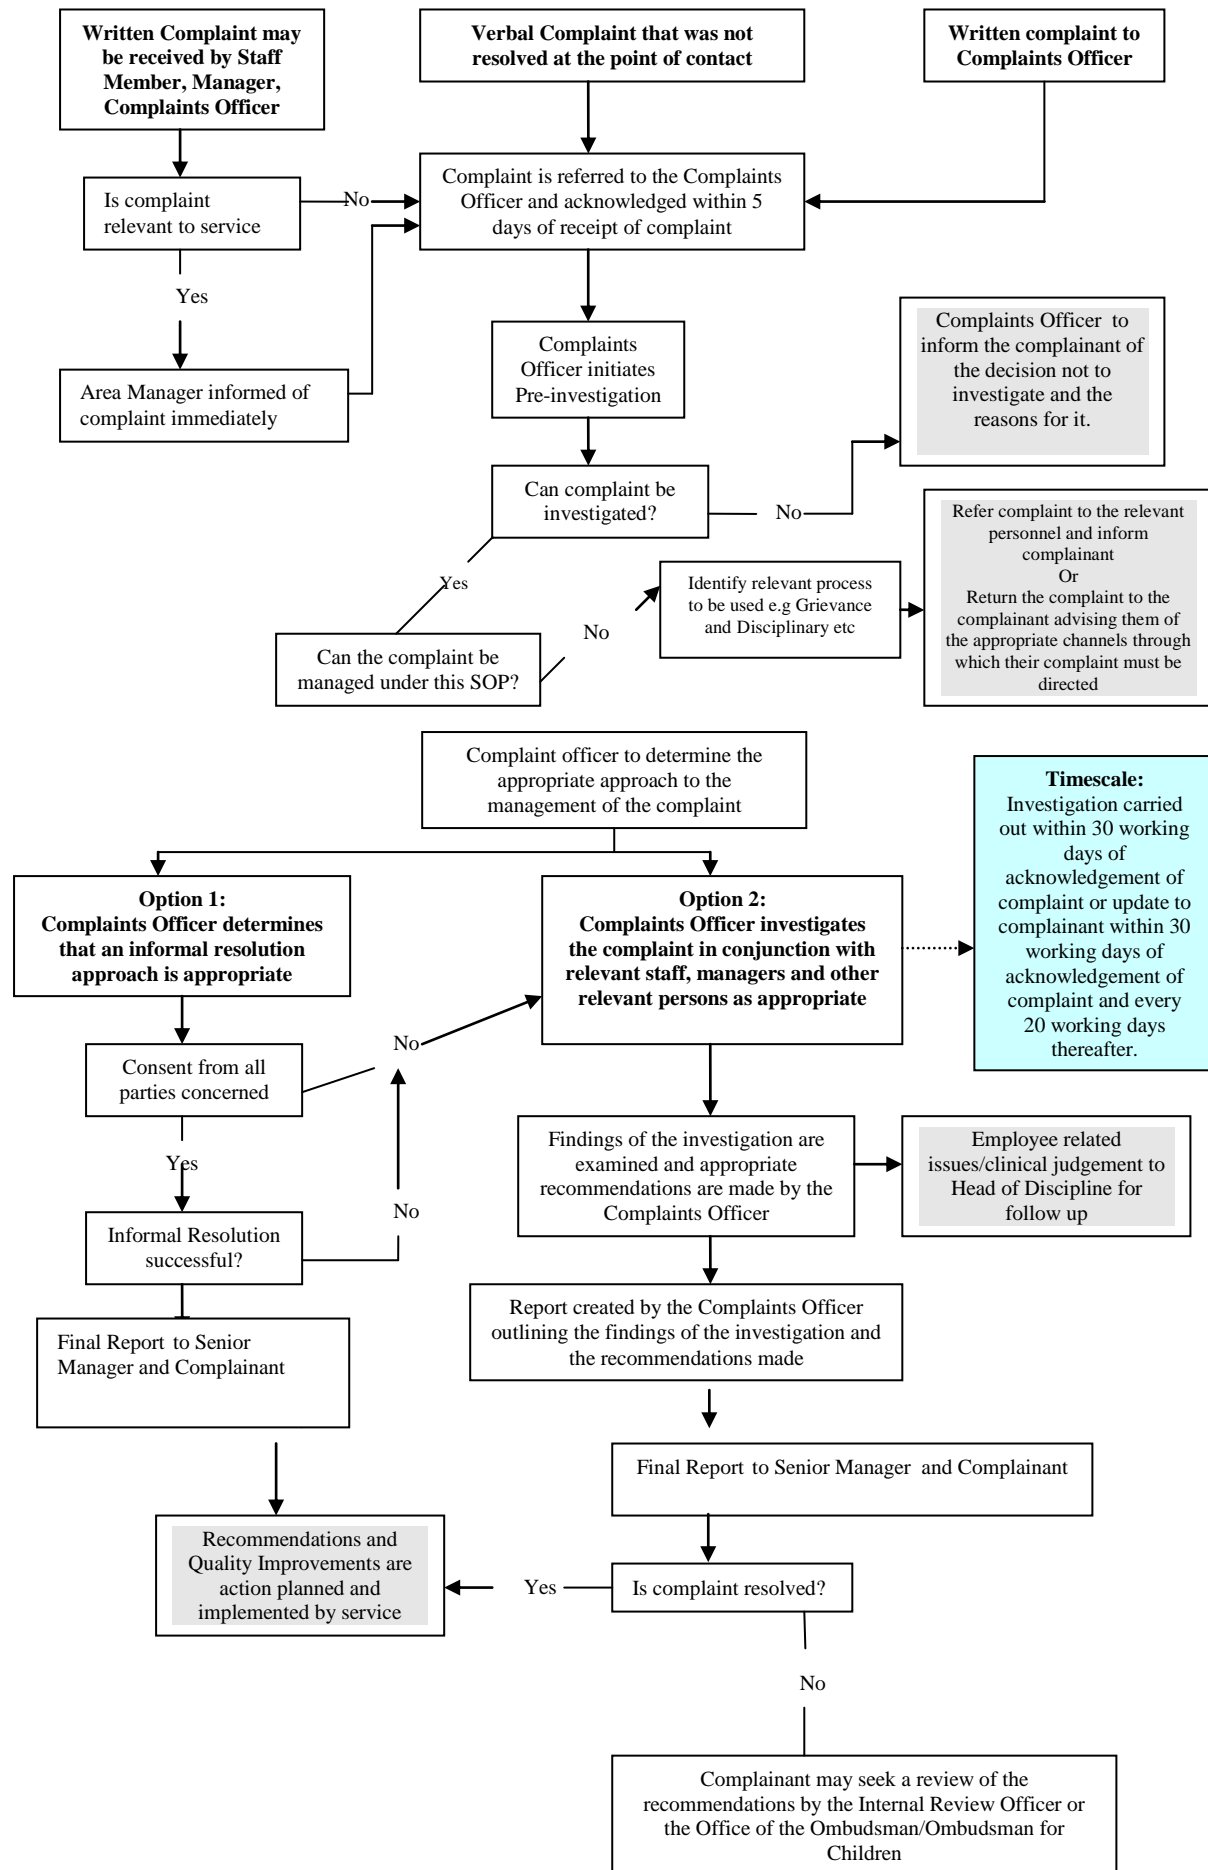

The Complaints Officer will initiate the investigation of the complaint once all steps have been taken to remove or treat any immediate harm caused by the action about which the complaint is being made.

- The investigation will be carried out by the Complaints Officer who will liaise with all relevant parties as required (refer to section 7.3 on timeframes).
- A Complaints Officer may request any documents and communicate with any persons he or she believes can assist with the investigation of the complaint (refer to section 7.3 on timeframes).
- The Complaints Officer may also request further information about the complaint from the complainant to enable a full and proper investigation of the complaint (refer to section 7.3 on timeframes).
- In addition, a Complainant may make written representations in support of his/her complaint and such representations will be considered by the Complaints Officer.
- Where deemed appropriate by the Complaints Officer, he/she will establish and lead an investigation team, consisting of all relevant persons and staff with expertise and knowledge to carry out the investigation. The size and membership of this investigation team will be dependent on each complaint and will be determined by the Complaints Officer.
- The investigation team will identify the terms of reference of the team and this will be signed by all persons involved. The terms of reference determine the objectives of the investigation team and the limits of its responsibility and authority.
- All information obtained by the Complaints Officer (and investigation team where appropriate) in the course of investigating a complaint will be deemed to be confidential information.

(Health Act 2004 (Complaints) Regulations 2006).

7.9.2 Complaints Management Process

Figure 3.1: Details Stage 2 of the Complaints Management Process

The investigation will be conducted thoroughly and objectively with due respect for the rights of the complainant and the rights of the service/staff members to be treated in accordance with the principles of natural justice.

- The Complaints Officer will have the necessary expertise to conduct an investigation impartially and expeditiously. Where appropriate, the Complaints Officer may request appropriately qualified persons to carry out clinical assessments, validation exercises etc.
- Confidentiality will be maintained throughout the investigation to the greatest extent consistent with the requirements of fair investigation.
- A written record will be kept of all meetings and treated in the strictest confidence.
- The Complaints Officer may interview any person who they feel can assist with the investigation. Staff are obliged to co-operate fully with the investigation process and will be fully supported throughout the process.
- Staff who participate in the investigation process will be required to respect the privacy of the parties involved by refraining from discussing the matter with other work colleagues or persons outside the organisation.
- It will be considered a disciplinary offence to intimidate or exert pressure on any person who may be required to attend as a witness or to attempt to obstruct the investigation process in any way.

7.9.3 The Investigation Process

The following are the steps in the investigation process:

The Complaints Officer will:

- Identify all parties involved in the complaint (i.e. complainant & staff members/local managers about whom the complaint is being made).
- Advise all parties involved in the complaint of the decision to carry out a formal investigation.
- Determine if an investigation team is required to support the investigation of the complaint.
 - Identify the members of the investigation team
 - Ensure that all members of the investigation team can support the investigation in an unbiased and unprejudiced manner
 - Develop terms of reference with the investigation team members
- Gather all relevant evidence to support the investigation process
- As part of the investigation, both the complainant and the service/staff members about whom the complaint was made will be provided with the opportunity to give their version of events and to provide evidence/explanations in relation to their actions.
- Inform all parties of their right to be accompanied by a support person / trade union representative etc. at any meetings.
- Give the complainant the opportunity to identify what they would like to happen as a result of making the complaint.
- Ensure that the expectations of the complainant are managed and that the complainant is clear about what can and cannot be achieved through the investigation.
- Ensure that the investigation determines the sequence of events leading to the complaint and the root causes of the complaint.
- Ensure that conclusions about a complaint are not made unless there is a logical flow to the evidence supporting the complaint.
- Permit a Complainant to make written representations in support of his/her complaint and such representations will be considered by the Complaints Officer in the course of the investigation of the complaint.
- Where the investigation highlights employee related issues, those issues will be referred to the relevant Head of Discipline and HR for appropriate follow-up (see section 7.9.4).
- Not make a finding or a criticism in his or her report, adverse to a person without having afforded the person concerned the opportunity to consider the proposed findings or criticism and to make representations in relation to it.

- Decide on any recommendations to be made as a result of the findings of the investigation. These recommendations to include:
 - redress for the complainant where deemed appropriate by the investigation, - action to be taken to remove the causes of the complaint or its likelihood for re-occurrence as far as is reasonably possible where deemed necessary by the investigation.
- Post investigation of the complaint the Complaints Officer will prepare a signed and dated report (see section 7.10) which will include:
 - his/her findings,
 - any recommendations which he or she considers appropriate, and - the reasons for such findings and recommendations.

7.9.4 Employee Related Issue

Where the investigation of the complaint highlights that the complaint or part of the complaint indicates an employee related issue then this issue is referred by the Complaints Officer to the Area Director /Head of Discipline for appropriate action (in conjunction with designated personnel in the Human Resources Department) under the relevant processes detailed in Table 2 of 7.4.6 of this Procedure Manual.

7.9.5 Prioritising of recommendations

To assist in determining the prioritisation of recommendations, the Complaints Officer must determine the severity of the impact of the causes of the complaint that was made and the likelihood of that causative factor occurring again. (Refer to Muiriosa Foundation Guidance on the Management of Risk and the Individual Service User 2014)

7.9.6 Restrictions on the types of recommendations Complaints Officers may make

The Complaints Officer will endeavour at all times to make recommendations designed to resolve the complaint, and to ensure effective quality improvements.

However, the Health Act, 2004, places some restrictions on the recommendations a Complaints Officer can make post investigation of a complaint, as follows:

A Complaints Officer may not, following the investigation of a complaint, make a recommendation the implementation of which would require or cause:

- a) the Muiriosa Foundation to make a material amendment to its approved service plan, or*
- b) Muiriosa Foundation and the Health Service Executive to make a material amendment to an arrangement under section 38 of the Health Act 2004.*

7.10 Preparation of a report post-investigation

- Post investigation of the complaint the Complaints Officer will prepare a signed and dated report which will include:
 - his/her findings
 - any recommendations which he or she considers appropriate
 - the reasons for such findings and recommendations
- In detail, the contents of the report should include:
 - A description of the complaint.
 - Reason(s) for actions resulting in the complaint.
 - A description of the investigation process to assure the complainant that their complaint has been fully and fairly investigated.
 - The Complaints Officer's findings
 - An apology when the investigation showed that the Muiriosa Foundation was at fault.

- If the investigation showed that there were no legitimate grounds for the complaint and the complaint was not substantiated, the report will outline the reasons why this decision was reached.
 - Where the complaint was substantiated, the report will detail recommendations considered appropriate by the Complaints Officer to:
 - Prevent re-occurrence of the causes of the complaint and for quality improvement.
 - Details of any redress to be provided to the complainant where appropriate.
 - The Complaints Officer will forward the report as soon as practicable to the complainant, the Area Director, Regional Director, Line Manager, Staff Member and to the CEO or designated officer.
 - The report forwarded to the complainant will also advise that he/she may request a review of the outcome of the investigation of their complaint and will provide the complainant with the details of how to request the review (See section 9.0).
 - The recipients of the report will be invited to contact the Complaints Officer to clarify any issues in the report.
 - Where a staff member against whom a complaint has been made is unhappy with the recommendations they may evoke the Grievance & Disciplinary procedures.
- *At all times, when issuing a report, the Complaints Officer must be cognisant of confidentiality requirements for both the complainants and the staff members about whom the complaint was made (see section 4.0 on Privacy and Confidentiality). The Complaints Officer may need to consider anonymising parts of the report to protect the identity of the complainant or the staff member when deemed appropriate by the Complaints Officer. Where there is uncertainty as to the proper identification and management of confidentiality issues, the Complaints Officer should contact their Human Resource's Dept for advice on any FOI or Data Protection issues.

7.11 Withdrawal of Complaints

- A complainant may, at any time, withdraw a complaint made and, on advice of such withdrawal, the Complaints Officer may cease to investigate or review the complaint.
- However, where the Complaints Officer has reasonable grounds for believing that public interest would best be served by the continuation of the investigation or review, he or she must refer the matter to the Regional Director for a decision on the matter.

8.0 Implementation of Recommendations made by Complaints Officers

- The Complaints Officer will forward a report of the investigation to the Regional Director at the same time as the complainant, Area Director and staff member
- Within **30 working days** of receiving the report from the Complaints Officer, the Regional Director shall take such steps as are reasonable to give effect as soon as practicable and to the greatest extent practicable to any recommendation of the complaints officer, provided that he or she is satisfied that it is within the functional remit of the Muiriosa Foundation.
- Where a recommendation the implementation of which would require or cause the Muiriosa Foundation to make a material amendment to its approved service plan, the Muiriosa Foundation may amend the recommendation in such a manner as makes the amendment to the applicable service plan or arrangement unnecessary or reject the recommendation and take such other measures to remedy, mitigate or alter the adverse effect of the matter to which the complaint relates as the relevant person considers appropriate.
- Where the recommendation is being amended or rejected or where alternative measures are being taken, the Regional Director in consultation with the CEO must give the reasons for their decisions.
- The CEO must agree the action plan in place with the implementation of the recommendations of the investigation. The action plan, persons responsible and timeframes are to be identified and recorded.
- Where a complainant has requested a review of the outcome of the investigation, the Regional Director will suspend the implementation of a recommendation and will notify the complainant of this suspension.
- If after a period of time recommendations made are not implemented and the complainant is dissatisfied, they should be advised to contact the Regional Director.

9.0 Internal Review: Stage 3

Where a complainant is dissatisfied with recommendations made by a Complaints Officer (Stage 2), he/she may apply for a review of the recommendations to the Internal Review Officer. This review process is summarised in figure 4.0 below.

Figure 4.0: Review Process

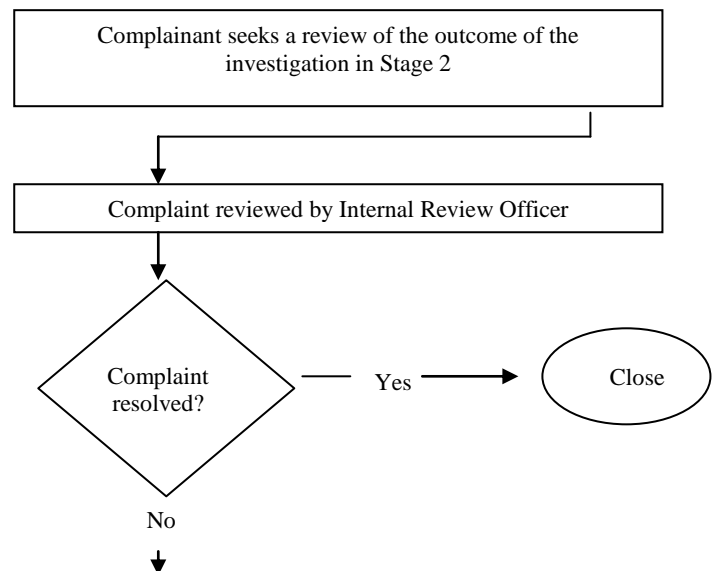

Stage 3

Internal Review

Timeframes:

Complainant to seek a review of complaint within 30 working days of the final report of stage 2 being signed and dated.

Review to be concluded within 20 working days of receipt of the request for review of progress report within 20 working days with update every 20 working days thereafter.

9.1 General Review Process

- Where a complainant is dissatisfied with recommendations made by a Complaints Officer (Stage 2), he/she may apply for a review of the recommendations to the Internal Review Officer **within 30 working days** of the date on which the report was signed and dated by the Complaints Officer.
- Where a request for a review is received beyond the period specified above, the Internal Review Officer may extend the time limit for requesting a review if he/she determines that special circumstances make it appropriate to do so.
- Where it is decided that the time limit for requesting a review will not be extended, the Internal Review Officer will notify the complainant in writing of this decision within **5 working days** of the decision having been made and recorded.
- Where the request for a review is accepted, the Internal Review Officer will conduct a review and inform the complainant within **5 working days** of the application for review being received.
- The Internal Review Officer shall determine the procedures to be followed in conducting a review. However, the Internal Review Officer must ensure that the procedures are fair and meet with two overarching constitutional principles, i.e. the right to be heard and avoidance of bias.
- The functions of the Internal Review Officer are twofold:
 - (1) To determine the appropriateness of a recommendation made, having regard to two elements:
 - a) all aspects of the complaint and
 - b) the investigation of the complaint
 - (2) Having determined the appropriateness of the recommendation to uphold it, vary it, or make a new recommendation if he/she considers it appropriate to do so.

- It is clear from the above that more than a simple paper review of the complaint is contemplated, and that often a fresh examination of files and papers together with fresh interviews with relevant parties to the complaint is required.
- The Internal Review Officer may request all documentation relevant to the complaint and communicate with any person that he/she reasonably believes can assist with the review of the complaint.
- A complainant who has requested a review may make written representations in support of his or her complaint and such representations will be considered by the Internal Review Officer.
- The Internal Review Officer must endeavour to conduct and conclude the review **within 20 working days** of the request being received. However, where the review cannot be concluded within this timeframe, the Internal Review Officer must inform the complainant of this fact and indicate the additional time necessary to complete the review.
- Upon conclusion of a review the Internal Review Officer shall prepare a signed and dated report on the review.
- The Internal Review Officer will not make a finding in his/her report, adverse to a person, without first having afforded the person concerned with the opportunity to consider the finding or criticism and to make representations in relation to it.

9.2 Post-Review Report

Upon conclusion of a review, the Internal Review Officer will, as soon as is practicable forward a report on the review to the complainant, the complaints officer who investigated the complaint, Local Manager, Area Director and CEO. The contents of the report to include:

- The name(s) of the Internal Review Officer.
- Details of the process used by the Internal Review Officer to review the investigation of the complaint and the recommendations made. If the Internal Review Officer feels that the complaint had been fully and fairly investigated in Stage 2, he/she will recommend acceptance by the complainant of the outcome of the local investigation.
- Where the review showed that the local investigation did not adequately investigate the complaint, the Internal Review Officer's report will outline where the investigation was not adequate.
- The report will outline if the recommendations from the investigation are being upheld, if the recommendations are being varied or the report will detail new recommendations made by the Review Officer. The reason for the decision of the Internal Review Officer will be provided in the report.
- The report must also outline to the complainant their right to a review by the Office of the Ombudsman/Ombudsman for Children (Stage 4).

10.0 Independent Review: Stage 4

At all stages of the process, complainants must always be made aware by the Muiriosa Foundation of their right to an independent review of their complaint by the Office of the Ombudsman/Ombudsman for Children.

The process used by the Office of the Ombudsman or Ombudsman for Children is not described in this procedure but this information may be sourced through the following website

www.ombudsman.ie or www.oco.ie.

Figure 5.0: Stage 4: Independent Review

10.1 Ombudsman

Complainants must always be made aware of their right to an independent review of their complaint by the Ombudsman (unless the complaint was made by a child or on behalf of a child where the complaint may be referred to the Ombudsman for Children).

The Ombudsman may decide not to investigate a complaint if sufficient steps were not taken by the complainant to try to seek local investigation and redress from the Muiriosa Foundation. The Ombudsman will use his/her own discretion in this respect.

In addition, the Ombudsman cannot investigate:

- a) The actions of private companies or individual private practitioners, dentists, opticians, pharmacists, etc. However, when a complaint is made about a private practitioner who was providing a service on behalf of the Muiriosa Foundation, the Ombudsman would have jurisdiction to investigate that complaint.
- b) Actions taken in connection with clinical judgement.
- c) Complaints relating to recruitment, pay and conditions of employment.
- d) Court decisions, matters which are already the subject of court proceedings, the actions of the Gardai or actions taken in the running of prisons.
- e) Where there is an alternative right of appeal to an independent tribunal or appeal body although the Ombudsman does have discretion to accept complaints even when the foregoing applies.

10.2 Ombudsman for Children

The Ombudsman for Children is the independent review process for complaints made by or on behalf of children up to and including the age of 18 in accordance with the Ombudsman for Children Act 2002.

The Ombudsman for Children may decide not to investigate a complaint if there were not sufficient steps taken by the complainant to seek local investigation and redress from the Muiriosa Foundation. The Ombudsman for Children will use his/her own discretion in this respect.

In addition, in accordance with the Ombudsman for Children Act, 2002, the Ombudsman for Children will not investigate if:

a) The action is one in relation to which:

- civil legal proceedings have been initiated on behalf of the child affected by the action and have not been dismissed; or

- the child affected by the action has a right of appeal, reference or review to or before a court in the State or before a person other than a public body.

b) If the action relates to or affects national security or military activity or arrangements regarding participation in organisations in states or governments.

c) If the action relates to recruitment or appointment to any office or employment.

d) If the action relates to the terms and conditions upon which a person holds any office or of a contract for service.

e) If the action is one taken in the administration of the law relating to asylum, immigration, naturalisation or citizenship. If it involves the exercise of the right or power referred to in Article 13.6 of the constitution. If it relates to court decisions or if the action is one taken in the administration of the prisons or other places for the custody or detention of children.

f) If the action relates to the results of an examination.

g) If the complaint is not made to the Ombudsman for Children within 2 years of the action leading to the complaint or 2 years from the time the child or person making the complaint on behalf of the child became aware of the action.

h) If the action was taken before the Ombudsman for Children Act, 2002 or is not one that may be subject to a complaint under the Act of 1980.

11.0 Complaints that do not come under the Provision of Part 9 of the Health Act 2004

There are a number of matters excluded under Section 48, Part 9 of the Health Act 2004. Table 2 in Section 7.4.6 details non-Part 9 complaints that will be addressed in this section of the SOP.

The processes for managing these complaints are as follows:

11.1 Complaints in relation to Clinical Judgement

- Where there is a possibility that the complaint may include an element of clinical judgement, that complaint must be assessed by the Complaints Officer to determine if the complaint or parts of the complaint may be clearly defined as clinical judgement.
- Where a complaint is not **solely** related to clinical judgement a local investigation of the complaint is to be carried out by the Complaints Officer to identify the root causes of the complaint and to identify those aspects of the complaint that do not relate to clinical judgement.
- Where a complaint concerns clinical judgement, it must be referred to the CEO. He/she will immediately inform the consultant/head clinician. The consultant will look into the clinical aspects and in conjunction with the Regional Manager try to resolve the complaint and if necessary meet with the patient and family members to discuss the matter.
- **Clinicians are to be provided with the opportunity to be part of an investigation that will endeavour to resolve the complaint as close to the point of contact as possible.**
- Where a complaint relates to clinical judgement exercised by any of the other clinical professions where a consultant is not involved it must be referred to the Regional Director. He/she will immediately inform the clinical professional or head of department. The clinical professional will look into the clinical aspects and in conjunction with the Regional Director will try to resolve the complaint and if necessary meet with the patient/service user and family members to discuss the matter.
- If the investigation indicates that there is an employee related issue, then this issue is referred by the Complaints Officer to the Head of Discipline for appropriate action (in conjunction with designated personnel in the Human Resources Department) under the relevant processes detailed in Table 2 of 7.4.6 and section 7.9.4 of this Procedure Manual.

11.2 Anonymous Complaints

- All anonymous complaints, both written and verbal, should be documented on the appropriate Muiriosa Foundation complaint reporting forms and brought to the attention of the relevant line manager for a decision as to whether quality improvements are required on the basis of the complaint.
- It is the policy of the Muiriosa Foundation that complainants must provide contact details when making a complaint against the Muiriosa Foundation to enable appropriate validation, follow up and investigation of that complaint unless there is a good and sufficient reason for withholding this information.
- Anonymous complaints will not normally be investigated as there is always a possibility that they are vexatious or malicious and the anonymity of the complainant does not enable the principles of natural justice and procedural fairness to be upheld. Notwithstanding the fact the anonymous complaints cannot be the subject of a formal investigation unless there is supporting evidence, management should assure themselves that the systems in place are robust and the welfare of clients is not at risk.
- If the complaint is made by phone, or by person, the member of staff taking the complaint should encourage the caller to provide a name and telephone number at which they may be contacted.

- The caller should be advised that unless they provide their name and contact details, it may not be possible to investigate the complaint if the disclosure of identity is regarded as essential to facilitate a full and proper investigation of the complaint.
- If a complainant makes a complaint in confidence, the identity of the complainant will only be known to the recipient of the complaint and the Complaints Officer. If the investigation of the complaint requires the identity of the complainant to be disclosed, the consent of the complainant must be obtained to disclose this information. In this case, the complainant must be informed that it may not be possible to carry out a full and proper investigation of the complaint without their consent to disclose their identity.
- If an anonymous complaint provides details that enable the identification of individual staff members, these details must be anonymised and there must be no record of an anonymous complaint on the file of any individual staff members.
- The Complaints Officer is responsible for dealing with anonymous complaints within his/her area of responsibility and for providing the Regional Director with this information.

11.3 Vexatious or Malicious Complaints

- If found to be frivolous or vexatious, the Muiriosa Foundation will not pursue the complaint any further.
- However, this does not remove the complainant's right to submit their complaint to independent agencies such as the Ombudsman/Ombudsman for Children.
- If a complaint is found to be vexatious or malicious, there will be no record of the complaint in the file of the staff member / service about which the complaint was made.
- Before the complaint is deemed vexatious the Complaints Officer must bring it to the attention of the Regional Director.

12.0 What can the Muiriosa Foundation do?

12.1 Redress System

An effective complaints system which offers a range of timely and appropriate remedies will enhance the quality of service to the consumers of the Muiriosa Foundation. It will have a positive effect on staff morale and improve the Muiriosa Foundation's relations with the public. It will also provide useful feedback to the Muiriosa Foundation and enable it to review current procedures and systems which may be giving rise to complaints.

Redress should be consistent and fair for both the complainant and the service against which the complaint was made. The Muiriosa Foundation should offer forms of redress or responses that are appropriate and reasonable where it has been established that a measurable loss, detriment or disadvantage was suffered or sustained by the claimant personally.

This redress could include:

- Apology
- An explanation
- Admission of fault
- Change of decision
- Correction of misleading or incorrect records
- Technical assistance
- Recommendation to make a change to a relevant policy

12.2 Ombudsman's recommendations for redress by Public Bodies

The following section outlines the Ombudsman's recommendations for redress by Public Bodies:

- Even where people are not entitled to a particular service or benefit, they are entitled to be told the reasons why they do not qualify and be informed of alternative services, where possible.
- Where they may be entitled to the service or benefit but a delay in the decision cannot be avoided, they should be informed when the decision is likely to be made.
- In cases of need, other possibilities for short-term relief may have to be examined. Public service providers must always bear in mind that citizens usually do not have the option of taking their business elsewhere. Citizens are entitled to proper, fair, impartial and expeditious treatment by public bodies. Where there is a shortfall in these standards, and the fault lies with the public body, it should remedy the shortfall through the provision of redress. The general rule of thumb should be to put the person back into the position he/she would have been in if the public body had acted properly.

Apologies and explanations

When it turns out that the service or benefit has been wrongly denied or delayed, the public body should always give a detailed explanation and/or apology. Explanations and apologies should include the following:

- the reasons why the public body got it wrong;
- an apology for any hurt, inconvenience or hardship caused;
- an acceptance of responsibility for the fault which has occurred;
- an acceptance that, where time limits apply, any undue delay on the part of the public body will be discounted where possible.

(Office of the Ombudsman, 2001)

- Assistance with completion of forms etc.

13.2 Support for staff member(s)/service

Sensitivity must be shown to staff that are the subject of a service-user complaint:

- The staff member's line manager must ensure that he / she is supported and assisted in every way possible during the investigation of a complaint. The staff member must also be advised of their right to representation and to be informed of any support networks and people available to assist them in responding to complaints. For example, union officials/ local representatives, professional bodies, human resource managers, the Employee Assist Programme.

14.0 Documentation of Complaints

14.1 Documenting complaints (recording and tracking)

- All written complaints must be documented by the Complaints Officer.
- Verbal complaints are to be documented by the recipient of the complaint as far as is reasonably practicable. In particular, verbal complaints that indicate a particular trend or where quality improvements are required, should be documented and must be forwarded to the Complaints Officer via the Local Manager, Local Complaints Logbook.(Appendix 10)
- Any complaint documentation must include the initial complaint and written evidence of the interaction between any people in relation to the complaint. This would include the complainant, the service involved, any external agencies etc.
- Documentation must also include the desired outcomes for the complainant and the reports and the documented outcomes (including action plans for quality improvement) from each stage of the complaints management process.

- If complainant was informed of the review process
- The Complaints Officer has a responsibility for ensuring the above information is recorded.
- Local Managers must fully support and assist the Complaints Officer in recording and collating the above data.

14.4 Reporting by Internal Review Officer

Internal Review Officer will complete their reports in line with the standards outlined above.

15.0 Best Practice Communication in Complaints Management

15.1 Quality and Effective Correspondence to Complainants

The Complaints Officer has an important role to ensure that local Muiriosa Foundation services provide quality responses to consumer complaints.

The response must be prompt, clear and accurate ensuring that the information can be understood and in a way in which the service intended.

The following principles must be considered in any communication with the complainant:

- **Timely:** Communication must be timely. Redress and improvements resulting from the complaint investigation must also be addressed in a timely manner.
- **Apology:** Where appropriate, an apology must be made to the complainant immediately and sincerely. Where the fault clearly lies with the service in question, an assurance that all steps will be taken to ensure that lessons will be learned and improvements put in place to assure the complainant that the complaint will not happen again.
- **Facilitation and Support:** This relates to the availability of policies and procedures to deal with complaints handling. The availability of appropriate personnel to deal with complaints as quickly as possible. The complainant must receive any required support through the complaint process.
- **Credibility:** the complainant needs to see the appropriateness and validity of the complaints handling process and agree with the process. There must be clarity and credibility to any communication with the complainant.
- **Attentiveness:** refers to the care and attention received by the customer from an organisation or its representatives. Attentiveness comprises four main areas:
 - Respect
 - Empathy
 - Effort
 - Willingness to listen to customer
- **Standardised forms, reports, letters etc.**
- **Clear procedures:** All complaint handling procedures must be clear, easily implemented and transparent.
- **Regular feedback:** The Complainant must be kept informed on an agreed routine basis of the progress of their complaint.
- **Involvement:** Involvement of complainant or advocates in the investigation process as far as is reasonably possible.
- **Confidentiality:** All communication is treated in a confidential manner.

15.2 Written Communications

Written communications must be structured in a “consumer friendly” approach. This may be achieved by:

- Anticipating or being mindful of the readers questions or expectations
- Using formatting styles to communicate the message (headings, titles etc.)
- Arranging information to be reflective of your communication goal e.g. do you want the recipient to make a decision, take action, or just to know something.
- Being courteous, warm and empathetic, using a personal tone and a simple writing style.
- Never indicate the complainant is “wrong”.
- Providing accurate information clearly and concisely.

- Providing realistic expectations.
- Avoiding:

- Jargon and bureaucratic language
- Detailed medical information when responding to complaints
- Extracts from the patient/clients health care record
- Abbreviations and acronyms

In general, when responding to a complainant in writing it is important to:

- Express the service's interest in the complaint and in meeting their needs.
- Explain why you are writing to the complainant.
- Include details and information about the complaint, suggested action(s), information as to why the actions were or will be taken and any limitations to resolving the complaint to the complainant's satisfaction.
- Offer the opportunity for the complainant to contact you to discuss the matter.

15.3 Communication strategies for different types of complaints

It is essential that staff receive adequate training in dealing with all types of complaints including the following:

- 15.3.1 Managing Angry and Aggressive Complaints
- 15.3.2 Repetitive Complaints/Persistent Complainer
- 15.3.3 Unresolvable Complaints

15.3.1 Managing Angry and Aggressive Complaints

- Staff training in dealing with these challenges will help to achieve a good outcome for the complainant and the staff.
- It is important that staff try to understand why the complainant is being angry and aggressive e.g. frustration, grief etc., and to address the situation by:
 - Being respectful and helpful
 - Giving the complainant your individual attention
 - Not attempting to lay blame, be defensive or argue
 - Remaining positive
 - Not taking anger as a personal attack

15.3.2 Repetitive Complaints/Persistent Complainer

- When frequently receiving complaints from the same people it is important that their complaint is not dismissed and that each complaint is appropriately dealt with by Muiriosa Foundation procedures for managing complaints.
- Even if complaints are being received from a persistent complainer, they may each be a valid complaint and must be managed to ensure the validity of each complaint and to obtain any possible learning and quality improvement as a result of the complaint.

15.3.3 Unresolvable Complaints

- The Muiriosa Foundation must determine a point at which the complaint is closed if all avenues for resolution have been explored, including an external review of the complaint by the Ombudsman/Ombudsman for Children, and resolution of the complaint cannot be achieved.
- This will be decided on by the relevant Complaints Officer in conjunction with the Regional Director and the complainant will be informed of the decision.
- The complainant will be informed that for any further investigation of their complaint to take place, they must provide the Complaints Officer with new and substantiated evidence in writing.

15.4 Communication by the Complaints Officer with staff member involved in the complaint investigation

- Communication with the staff member/service involved may be made by the Complaints Officer through the Local Manager or by the Complaints Officer directly (see section 4.6 on Staff Member and Rights to Confidentiality).
- Communication with the staff member/service involved in the complaint should include:
 - A statement indicating that a complaint has been received and giving the date and service areas referred to in the complaint.
 - Enclose details of the complaint together with summary points the complainant wishes to have addressed.
 - Request a written report that addresses the key points raised.
 - Date by which the report should be returned to the Complaints Officer (i.e. within 10 working days).
 - Every effort must be made to comply with the timeframe as outlined above. However, there may be special circumstances where the Complaints Officer will extend the timeframe due to the unavailability of staff member, e.g. on annual leave.
 - Invite the relevant staff member to take part in a local investigation of the complaint.
 - Inform them of their right to be accompanied by a relevant support person (e.g. trade union, staff association representative, work colleague etc.).
 - Invitation to contact the Complaints Officer to discuss details.
 - Give assurances in relation to confidentiality.
 - Provide support, advice and help, particularly where allegations of a serious nature are made.
 - Staff should always be kept informed and updated on progress of complaint investigation.

16.0 Complaint Driven Organisational Improvement

The Muiriosa Foundation will ensure that **organisational improvement** is a key objective of their complaints management processes. All complaints must be viewed as an opportunity for quality improvement and risk management. It is important to assure complainants that all valid complaints will be used by the organisation to identify corrective actions that need to be taken to ensure that the action about which the complaint was made, will be remedied.

To achieve this objective, all Muiriosa Foundation staff will accept and recognize complaints as a means of improving the services provided by the organisation. The Muiriosa Foundation will ensure that there is cultural acceptance of consumer complaints throughout the organisation.

16.1 Building cultural acceptance of consumer complaints

In a positive complaints culture, a positive attitude is adopted to complaints, mistakes are readily admitted and apologies are readily given.

There are three main components that contribute to the complaints culture of an organisation:

- Attitude of staff to complaints
- Staff skills in complaint handling
- Organisational complaints process

Attitude of staff to complaints

Evidence suggests that staff sometimes may not display a positive attitude to complaints because they feel that complaints:

- get in the way of other work, causing delays,
- reflect badly on their performance, or
- are unjustified.

A consumer-friendly approach to complaints relies on a positive attitude of staff towards consumer complaints. In order to improve the cultural acceptance of complaints all staff:

- Must be shown how complaints can be viewed as opportunities for service improvement
- Need to understand the benefits that complaints can bring. This can be done by communicating the positive feedback received which reflects the service strengths, together with the complaints received which provide information about areas for service improvement, so that there is a balance of positive and negative feedback
- Can be helped to consider complaints from a personal perspective e.g. how would they like to be treated if they had to make a complaint?

When a complaint is received it is fundamental that complaint handlers can: • look at the complaint from the point of view of the complainant, and • accept immediately that the complainant is concerned about something and to see what can be done about it - even if all that can be done is to provide a clear explanation or apologise for any misunderstanding.

Staff Skills in complaint handling

- Skills in complaint handling are essential for staff so that they can feel empowered to appropriately handle complaints.
- Staff training in all elements will be provided to all staff as part of the induction training, when there are changes in the policy and procedure and every two years or more frequently as required.

Organisational Complaints Process

The complaints processes and staff knowledge of the complaints process are vital contributions to the “complaints culture”.

The complaints processes need to:

- Be well known. There must be wide dissemination of information about the processes.
- Be easy to follow and use with roles and referral processes clearly identified.
- Ensure information is provided to staff about complaints received and actions taken.
- Be fair and transparent.
- Support a no-blame culture as far as is reasonably possible.
- Build opportunities for staff to adequately respond to a complaint into the processes.
- Be supported by easily accessible complaints handling training.
- Provide support for the complainant and the staff named in complaints.
- Encourage and empower staff to resolve complaints promptly at the point of service delivery wherever appropriate.
- Be reviewed on a regular basis to ensure that staff are complying with the agreed processes and that the processes are effective for the purposes they are intended for.

16.2 Assessing progress

The progress of implementing an efficient and effective complaints management process may be assessed by analysing data such as:

- Staff skills, knowledge and culture
- The satisfaction of consumers with the complaints management process
- General consumer perception about the accessibility of the complaint handling process
- The ability of the Muiriosa Foundation to use consumer information for organizational change

16.3 Complaint Data and Organisational Change

Monitoring complaints information on a routine basis can identify areas for improvement. Collating complaints information can also assist in detecting variation in the types of complaints being received. It can also assist the Muiriosa Foundation to learn from each other by comparing information in benchmarking activities. Data to be collected as part of the management of the complaint is outlined in part’s 14 and 19 of this procedure manual.

17.0 Staff Training and Development

- Education and training in the management of complaints will be provided to all Muiriosa Foundation staff to enable them to effectively implement the complaints handling processes.
- Training will be provided on an incremental basis depending on the needs of the complaints system and on resource availability.
- Local Managers must ensure that staff receive relevant complaints management training.

The key objectives of complaints management training are to:

- Raise staff awareness of the Muiriosa Foundation complaints management policy
- Raise staff awareness of service level complaints management procedures
- Inform staff of their role and responsibilities in complaints management
- Provide staff with the skills to communicate effectively with complainants
- Provide staff with the skills to manage complaints including verbal and written complaints, vexatious, aggressive, repetitive complaints etc.
- Increase staff confidence in complaint handling

17.1 Evaluation

Regular evaluation of the training must be carried out to assess the effectiveness of all levels of training.

Evaluation of the training should entail:

- An evaluation of the training day, programme content and trainers by the course attendees,

18.0 Frequency of Review

This Procedure Manual will be reviewed every three years or more frequently as required.

19.0 Method used to review the complaints management system

19.1 Review of the Muiriosa Foundation complaints management system

Key to the effective implementation and success of the Muiriosa Foundation complaints management system is a system of reviewing the complaints management processes.

A review of how the system is working will help to ensure it is:

- operating efficiently and effectively;
- is responsive to changing circumstances and needs;
- will identify problems and the level of user satisfaction; and
- will provide information to help to improve the service.

To review the Muiriosa Foundation complaints management system, the Muiriosa Foundation must monitor the performance of the system against key performance standards.

There is one performance indicator for the Muiriosa Foundation complaints management process at present.

This performance indicator data will be collected at regional level by Regional Directors and at organizational level by the CEO.

This performance indicator data will be submitted by the CEO to the HSE.

(i) to implement in accordance with its terms a determination of the appeals officer in relation to an appeal under *section 18*, or

(ii) to give effect to a resolution arrived at under *section 19*, or

(iii) to implement in full a recommendation of a Complaints Officer, within 3 months from the date on which the determination, resolution or recommendation is communicated to him or her or, where

the determination, resolution or recommendation specifies a date for the provision of a service, within 3 months from the date specified in the determination, resolution or recommendation for such provision, then, the applicant concerned, a person referred to in *section 9(2)* or the appeals officer may apply to the Circuit Court on notice to the Executive or the head of the education service provider concerned for an order directing him or her to implement the determination or recommendation in accordance with its terms or to give effect to the resolution, as the case may be.

1.0 Purpose

The Data Protection Commissioner has issued a guidance document which sets out how data controllers including public organisations should deal with Oireachtas members with regard to the disclosure of information to public representatives in the context of data protection legislation. The Data Protection Commissioner's guidance document is available widely and should be read in conjunction with this SOP.

2.0 Scope

The main purpose of this SOP is to ensure that we understand the Data Protection Commission's Guide Document, handle sensitive personal data carefully and at the same time provide an efficient and effective service to Oireachtas members as required under the Health Act 2004.

3.0 Definitions and Abbreviations

Sensitive Personal Data:

Means personal data as to:

- a) the racial or ethnic origin, the political opinions or the religious or philosophical beliefs of the data subject,
- b) whether the data subject is a member of a trade-union,
- c) the physical or mental health or condition or sexual life of the data subject,
- d) the commission or alleged commission of any offence by the data subject, or
- e) any proceedings for an offence committed or alleged to have been committed by the data subject, the disposal of such proceedings or the sentence of any court in such proceedings.

Data Controller:

Means a person who, either alone or with others, controls the contents and use of personal data.

4.0 Responsibilities and Procedures

In order to further assist the HSE organisation, the following standard operating procedure should be used when dealing with public representatives and their representations or (Oireachtas members) parliamentary questions.

1. Where the HSE receives parliamentary questions or a representation from a public representative which requests information on behalf of a constituent and this information is of a routine nature such as when Mrs. X will get her medical card or where on the waiting list is Mrs. X or what disability services Mr. Y is entitled to etc., these should be answered in line with the Data Protection Commissioner's guidance document (*"We advise that, where a public representative makes a written representation on behalf of a constituent, the organisation can generally assume that the constituent has given consent for the release of personal data necessary to respond to the request"* Data Protection Commission, November 2007).
2. Where a HSE Data Controller is not clear as to whether the information being requested by the public representative is of a more sensitive personal nature and is not sure as to whether to release the information to the public representative, the data controller should in the first instance check with their Line Manager to clarify the matter and then proceed as guided.
3. When the HSE receives a PQ or a representation from a public representative on behalf of a constituent and the information requested **is determined to be of a sensitive personal nature** (e.g. *What procedure did Mrs X have, what illness does she have, how much is Mr Y receiving*) the Data Controller should check with the patient or client that he/she has given consent for the information to be released to the public representative. If the client or patient can not be contacted the Data Controller in agreement with the Line Manager should contact the public representative's office to check if the public representative has consent from the patient or client to obtain the requested sensitive personal data. The details should be noted on the file, inter alia, including the date on which the contact was made, by whom and the name of the person confirming the information. When this procedure is used it needs to be handled in a sensitive manner.
4. Where after consulting local management, there is still doubt with regard to the sensitive nature of the data being requested in Parliamentary Questions or Representations that are issued from the Central PAD, the Data Controller contact the Parliamentary Affairs Division (PAD) on (01) 6352527 or pad@hse.ie to clarify matters.
5. Where after consulting local management there is still doubt with regard to the sensitive nature of the data being requested in representations that are issued from the Consumer Affairs Department, the Data Controller should contact the Consumer Affairs Department, 045/880455 or email valerie.kavanagh1@hse.ie
6. If staff have any further questions or require further clarification they can contact the PAD at (01) 6352527 or pad@hse.ie OR Consumer Affairs at 057-9357876 or email donal.devery@mailq.hse.ie

- a matter relating **solely** to the exercise of clinical judgment by a person acting on behalf of either the Executive or a Service Provider;
- an action taken by the Executive or a service provider **solely** on the advice of a person exercising clinical judgment;
- a matter relating to the recruitment or appointment of an employee by the Executive or a service provider;

Where the subject matter of the complaint is not included under part 9 of the Health Act 2004, these complaints are termed “non-Part 9 complaints”. The Complaints Officer must either investigate the complaint according to the processes described in Section 2 of this procedure or will notify the complainant of where the complaint might more appropriately be referred (See Section 2 - point 7.4.6 - Table 1 and Table 2, pages 57 and 58) for details of the appropriate processes for the management of various types of complaints).

Where a complaint relates only in part to an excluded matter the Complaints Officer will assess the non-excluded part of the complaint to assess its eligibility under the following criteria (See Section 2 - point 7.4.2 - 7.4.5, pages 55-56) and where appropriate investigate that part of the complaint in accordance with the procedures described under this section (Section 2, Part 7).
